

Tonight is a time I think of as **information, inspiration, and impartation**. And like I said, I have a boatload to share with you tonight! So, I'm going to do my best to stick with my notes. Which, if you know me very well, you know that that is a challenge. Notes are usually what I have in front of me. So, I know at which point I left off the page. But there are some things that we've been praying about. And I've been before the Lord as to where is our direction for state prayer for years. This year, I carefully assembled some notes, so I'm going to stick with them; so that we can be sure to cover what I feel that the Lord would have us cover.

INFORMATION

What is an SPC? What is an Aglow Intercessor?

So here we go! We have some information. Now, for as long as you have been an SPC, which for some of you is a matter of many years. I was thinking about an SPC or two that have been SPCs since back when I was an SPC. Sue, I remember when we were both were State Prayer Coordinators. And we met at that time. And some of you it's a matter of weeks since you received a call. First a call from the Lord, I hope; and then a call from perhaps your US Regional Director, and then from me, asking you to join us as a Prayer Coordinator. So regardless of how long you've been a State Prayer Coordinator, probably at some point somebody asked, so what is an SPC? And, if you're like me, you kind of think it involves so much. How do you narrow it down? And I know with my role I asked sometimes, so what is what is a Global Prayer Director anyway? And it's a challenge, isn't it to put into terms? Anyway, I just want to share one thought with you tonight about what is and Aglow State Prayer Coordinator.

An Aglow State Prayer Coordinator is an intercessor who carries the heart of God. Now, besides being an intercessor, a State Prayer Coordinator also coordinates prayer within your state. I think of it as a mobilizer. When I first became the Prayer Director, I asked Jane, "What is it that you want me to do? Do you want me to be one person in a room somewhere praying? Or do you want me to mobilize a million people around the world in prayer?" And so of course, the answer to that is yes, both. And so, as State Prayer Coordinators, you are intercessors, who carry the heart of God, who also lead others and mobilize others, inspire others, give direction to others, and set the course for others to pray! An intercessor who carries the heart of God for His Kingdom, which includes God's primary purpose that we would be formed in the image of God. It includes the fulfillment of God's intentions for mankind, for the world, for the nations of the world; especially for Israel and includes the chief motivation of God's heart. What if "God so loved the world that He gave His Son" includes a spiritual harvest of people and nations? An Aglow State Prayer Coordinator is an intercessor and a mobilizer of intercessors who carry the heart of God for our nation and for your specific state. An Aglow State Prayer Coordinator is an intercessor and a mobilizer of intercessors. Don't get hung up on that word, "mobilizer", by the way. Just think of mobile as moving. In other words, you get other intercessors moving to think of it that way.

An Aglow State Prayer Coordinator is an intercessor, and a mobilizer of intercessors who carries the heart of God for Aglow. For the fulfillment of every word and intention, God has declared for Aglow International. I do this and I and I hope that you do too from time to time. Take out some of the words that God has spoken over Aglow International. And look at those words and say, "Well, let's see how this one's been fulfilled. This one's been partially fulfilled. And this one we haven't even got out of the starting block yet!" Then begin to pray those "Lord You said" prayers. "Lord, You said that Aglow

International would be established in every nation of the world". So, Lord we come into agreement with your Word, and we call for Aglow in those nations where we do not have a presence yet! And all the other words that God has given to Aglow. We carry the heart of God for Aglow people to flourish in their calling and in their lives. For that Aglow person, the woman or the man who has just come into their first Game Changers meeting, or their first Lighthouse Meeting, or participated in their first prayer call or neighborhood group or outreach. And for that one who has just begun to find their way, to our leaders at every level, all the way to our International President, Jane. We pray, and we mobilize others to pray, that Aglow people in the call of God will flourish, will flourish spiritually, will flourish in anointing, will flourish in the fullness of everything that God has for us - and will flourish physically, financially, in every way! My how I've been praying, even in the last few days, for so many in Aglow who have been sick for some a second or third time, have been dealing with COVID in their bodies, or the challenges of this! Praying again, Lord, cause us to flourish! Physically! Suppress this thing, cause it to have no ill effect in our bodies, and where You suppress it, crush it, drive it out, and cause our health to flourish, even as our spirits flourish in You!

An Aglow intercessor, just like that, can't wait while we're talking about it, to just stop and break into a prayer too! Isn't that, right?

An Aglow intercessor carries the heart of God for discernment, for understanding of the times in which we live, for revelation of His Word, for praying His will in agreement with our Great Intercessor Christ Jesus.

An Aglow intercessor carries the heart of God and mobilizes others to carry the heart of God by praying in the power and the perfection of the Holy Spirit. We have been challenged in this last year, more than I can remember ever before, to pray in the Spirit, to pray in our heavenly language, to pray in the perfection of praying in tongues. Why is that a perfect intercession? Because we bypass ourselves. I don't know about you, but I can start praying and suddenly realize I just kind of sidestepped the heart of the Father and began to pray my opinion into something. Am I the only one who has ever done this?

Now, sometimes my opinion happens to align with the with the will of the Father. And sometimes you know what, it's just my opinion. But when I just pull myself back in, rein it back into the perfection of praying in the Holy Spirit, then suddenly, everything in my prayer is locked into that perfection, to that sweet spot of praying in total alignment with our Great Intercessor Jesus, by the power of the Holy Spirit and in the heart of the Father. So Aglow State Prayer Coordinators are intercessors, who pray that way and who inspire and mobilize others to pray that way, as well. That's just a little nugget of what an Aglow State Prayer Coordinator is, isn't it?

Vision Report

Moving along, I don't do this every year, but from time to time, I asked for a report from you. Now, I don't do this all the time because I hear from each of you in various ways. Some of you will send me an email. Some of you have me included in the email group list that you send out when you contact intercessors within your state, or we talk and so I'm aware of what you what you're doing and tracking with you in those ways. But from time to time, I like to ask you for a report. Not a report like you know, a dry report where well we did this and we did that we did the other but something that gives me insight

into the vision that you're carrying, and to what you're hearing the Lord say, and then how you're carrying that out within your state. So, I'm just giving you a heads up about this. Right now, we're still in January. Right now, I'm still collecting financial reports, you knew I'd have to say something about that tonight. I'm glad to say that I have a lot of financial reports already collected way to go. But for those that I haven't heard from yet, it's January, it's a little bit after the 15th. So, I know you're on it, right? We'll get to those more prodding email reminders a little bit later. So, I'm not going to ask for, for a vision update report. That's what I'm calling this: a "Vision Update Report" this month. But in February, you can expect I'm just giving you a heads up, you can expect to hear from me, I'll have some kind of form that you can sort of fill out or that will give a little bit of structure for what I'm asking you. And when I send that out, then if you will just take some time, but not too much time, be prompt about filling that out and getting back to me. Because this gives me a way of tracking with you. Knowing it's not that I just want to you know, like "Big Brother's watching you" want to know what you're doing. But I want to come alongside you. I want to pray for you. I want to pray with you, as you are carrying out various strategies within your state. Also, from time to time, I'm talking with one SPC, and an SPC maybe say, "You know, I feel like God is leading to do such and such, but I'm not really sure how to do it". Well, there's times I could say, "You know what, there's another SPC who's doing something similar. Maybe we can get some ideas there and share together." So, I'm just giving you a heads up! You'll be getting something from me about this. I will be looking forward to hearing back from you. Your vision update.

Core Strength Team

All right. So, you have a heads up about that. Now, I just wanted to give you a little update to as to where we are with the Core Strength Team. Now last year, we introduced this. One aspect of this team is to assist me in some areas. The main aspect is to provide strength for all the State Prayer Coordinators together. And I'm not going to go into a lot of detail about all the roles those different ones are fulfilling on the Core Strength Team; except to tell you that our Core Strength Team is now is made up of 15 people. Most of the Core Strength Team are State Prayer Coordinators. We have a couple on the team that are former State Prayer Coordinators and still want to help and support each of you. There are 15 people who are assisting and empowering you. You will hear more about this in the days ahead.

INSPIRATION

Third Great Awakening

Now for some inspiration and some strategy. You have heard, (we know, we're praying into it), we are stepping into a Third Great Awakening. We came out of the 2021 Reset Conference, knowing for sure these two things: There is a Third Great Awakening happening. And we are called and equipped to be active participants in this Awakening. Amen! Ready or not. Here is the thing. Some of us, you know, if we are waiting to feel ready. But, ready or not, I believe the Lord says, I have prepared you and you are ready to step into this Great Awakening that I am bringing! Just hold on. You're going forward in this.

This is an awakening to harvest, to salvation. People being birthed into the Kingdom. This is an awakening of the Kingdom of living in the power and presence of God - in the way Jesus said that we would take hold of it. I believe that there are some even on this call, who are like the prophetess who said if I can just live to see Messiah come. And I believe there are those of you who have said, "Lord, if I could just live to see the fullness of the Kingdom of heaven moving among people in the body of Christ, walking in the fullness of how You said we would, Lord Jesus." And I believe that you are going to see that. That's what this Great Awakening is about! Not a good percentage of people healed, but seeing all those who we lay hands on healed, seeing a massive coming forth into the Kingdom of heaven! Seeing people delivered! Not after years and years and years of prayer, but at the word of the blood of Jesus! Seeing people delivered and set free and made whole! This is the Awakening that we are stepping into! It's the fullness of the Kingdom!

This Awakening is a spiritual transformation. And a national reformation, not only for our nation, but for the nations of the earth. This is an awakening that brings the harvest of nations, as well as the harvest of individuals.

So, this is what I want to say about that to you, as State Prayer Coordinators. Be ready! Just be ready! Jane said this at a staff meeting, just this morning. We were just waiting in the presence of the Lord, and she began to say this - I believe as the Spirit, the Holy Spirit was speaking through her: "Mark this year. Take notes, jot down thoughts. It will be a transforming year. I, the Lord, I am preparing you for what lies ahead. So be ready. Be ready. Be ready!" We say hallelujah, I am going to be ready. I'm ready, Lord.! And then we get up the next day and say, Okay, well, now how?

Quicken Readiness for the Great Awakening

I want to ask you, as State Prayer Coordinators, to present yourself before the Lord and ask Him to quicken readiness in you in several areas. This is what I am asking as your Prayer Director. Now, some of these things we might say, what does that have to do with prayer? I will tell you. I thought about a this because I have said, "Lord, what does this have to do with prayer? What does this piece have to do with prayer?" And immediately I thought of the story of the Good Samaritan. And I felt personally challenged by the Holy Spirit. I felt Him saying to me, "Do not be a character in the story of the Good Samaritan." A character that sounds like this. Well, there was a Prayer Director that came walking by who looked at the man in need, who looked at the one who was battered and broken and hungry and left to die and walked to the other side of the road, because she had a prayer gathering to get to, because she had a

strategic PR focus and couldn't stop to minister to someone in need. Let this not be said of me! And let that not be said of you as State Prayer Coordinators! Amen.

Now I know you and I know your hearts. I know you would stop in an instant to help minister to somebody because that is your heart. But these are the areas that I feel to challenge us to ask the Lord for quickening readiness. That means He is going to upgrade us and have some readiness on the tip of our tongue to speak.

The first area is readiness is **prayer - how to pray for and through the Great Awakening**. Now you may say, But come on, Nancy! We know how to pray. We're Prayer Coordinators! We are prayer mobilizers! We are intercessors! We've been at this a long time. Well, if you have been with me very much, you know that one of the things that I will pray and that I will ask every time we step into a new season, a new breakthrough, a new place in the Spirit, I ask the Lord, "Lord, teach me to pray today." How we prayed for the harvest yesterday is good. But what if the Lord is challenging us to pray in a fresh way, in a new way, in a way that brings the breakthrough in areas of the Third Great Awakening?

Ask the Lord for a **quickenning readiness in leading people in salvation**, in leading people to know the Lord. Now, some of you may have led somebody to the Lord today. Some of you, it may have been a long time since you have prayed a salvation prayer with someone or, when you sense that somebody is hungry, and just need to be presented with who Jesus is and how they cannot simply believe in their heart and confess with their mouth and be born again. Now, you know, we may say, well, hey, we have been we have been walking with the Lord a long time we know how to do this! You know, we have the four spiritual laws tattooed on the inside of our eyelids. But ask Holy Spirit, for a *quickenning readiness*, for a new season of new births into the Kingdom.

Another area, ask Holy Spirit, ask the Lord for a **quickenning readiness to pray with people to receive the Baptism of the Holy Spirit**. Now, some of you may have prayed with one or two, some with hundreds to receive the baptism of the Holy Spirit. This is a new day, a new awakening, it may be the same Holy Spirit. But ask Him for a fresh anointing, a fresh quickening readiness to step in and release the power and the Presence of the Holy Spirit and help lead someone in prayer to receive the baptism of the Holy Spirit. I want a fresh anointing in that. I want a fresh quickening. I want a fresh readiness so I don't stop and think now how do we do this again? Let us see. Do I have to get scriptures, or shall we just cut to the chase and pray? We don't need to think this through, we need to just move in it. Alright. So, ask Holy Spirit for a fresh, quickening readiness to pray with people to receive the baptism of the Holy Spirit and fresh fire.

Ask the Lord for a **quickenning readiness to disciple others**. When we first started hearing that there was a Third Day Great Awakening coming, I immediately thought that means a lot of people coming to the Kingdom. That means I need to bone up on my lesson to give to new believers – prepare a really great new teaching for new believers. I feel a fresh challenge now. It is an important part of discipling others to teach them, but the Lord challenged me to not only be fresh in teaching, but fresh in *discipling*. That means taking somebody by the hand and walking them through the steps of growth. Walking with them as they stumble, walking with them as they explore who Jesus is, walking with them as they walk through their deliverance, walking with them as they walk through areas of growth in their lives. So, ask the Lord for a **quickenning readiness to disciple people**, not just to be a disciple, but to disciple others.

Remember, what did Jesus say? He says, go out, *make disciples*. I like to teach so I can really get into having a good teaching for new disciples. That is good. But I, also need to *love* them. I also need to *model the Fruit of the Spirit* for them. I also need to deep dig deep for grace for those who are just learning. Ask Holy Spirit, for a **quickening readiness to disciple, to mentor, to lead people in growth** as they come into the Kingdom.

Now, as I've been kind of chewing on all that for the last couple of days, I just started making a list. I asked the Lord to quicken me. **What does discipleship require of me?** And I began to list somethings. They are in my notes, but I am not going to share them with you tonight. I think I am going to save that and share them with you at another time when we can take these apart. I believe that the Lord is going to quicken you in some areas, and we're going to share together what the Lord is quickening us in readiness for discipling others.

Prayer Strike Calls and Striking the Ground for the Nations

All right, let's move on. One of the things that we launched this last year was what we call **Prayer Strike Calls**. Those calls keep us light footed for when something arises, and we need to assemble ourselves quickly for a prayer call for zoom with the State Prayer Coordinators. Helen Joy from Pennsylvania has been working with us at leading and coordinating these Prayer Strike Calls.

Now, we have added to the team here, Jennifer Kuehn from Michigan. Now Jennifer, as part of what she has been doing, as a State Prayer Coordinator has been having some amazing prayer calls within her state to pray for the nations. She is calling the nations in, to intercede for their specific needs in nations, and to pray for Aglow leaders in nations. I have asked her to join with Helen as part of the prayer strike team to coordinate and lead some calls that I am calling, ***Striking the Ground for the Nations***.

Now, you know, as good Aglow people, we have a heart for the nations. We want to see the Kingdom manifest and the nations of the world. In our nation and in the nations of the world. But now we are going to embrace this in an intentional way together as State Prayer Coordinators, and at least quarterly to begin with. I just have it down as quarterly at an or as led by Holy Spirit. So, we may have more of these calls as we go along. But at least quarterly, some zoom prayer gatherings of State Prayer Coordinators, you and I coming together to pray for some specific nations. I was at Aglow Headquarters last week and met with Joan Bennett and Christy Spaulding in our Global Fellowships Department and ask them what are some nations that are specifically on their hearts right now? We have been praying for nations, you know, you just turn on the news and the nations are there. There are needs in the nations. So, Jennifer is going to be leading these for us. I could lead these, but you know, I look for where is the hand of God resting on somebody – where is there an anointing. So, when I participated in one of Jennifer's calls, within her state, I saw that hand of God is on her for this time to call for nations, to strike the ground for nations, the hand of God is on many of you, for nations. So, we're going to come together and pray for nations.

As I was sending an email to, to Jennifer and to Helen recently, suddenly, I began to just see some things in the Spirit. And this is something from the email that that I wrote, I said, "I am seeing these calls as breakthrough, taking territory for the kingdom, releasing prophetic purposes, as well as interceding for current needs and issues in nations. I said, even as I write this, I can see nations rising up! The picture

I'm seeing right now is a nation flat on a map, suddenly rising to 3-D, and growing into something that carries movement, that carries life, that carries the light of the presence of God, that carries the sound of the Lord!"

We as State Prayer Coordinators are praying for our own nation. As we reach out and pray for the nations of the world - this is a call that is on this ministry - God is going to release in us greater revelation in prayer. He is going to release in us a higher level of intercession for the nations, and we shall see breakthrough in nations as we pray! Amen.

So, you'll be hearing about these calls. We'll announce it and will give you the Zoom link and the time for the call. I understand that everybody can't make every single call, but when you can be on one of these calls, please join us. You know, one of the parts of our identity as a nation is that America is as a city on the hill and a light to the nations. So, we see this is part of our rising up in our identity as a nation. What if God is saying to us as a nation, "America, I will heal your wounds. I will release spiritual breakthrough. I will uncap your wells of revival, if you will just step into your calling as a light to the world as a light to the nation's?" Wow. Let's step into it. Are you with me? Amen. Amen.

State Key Decrees

Earlier as we were looking at the STARS page, I pointed out where the Keys - your decrees, your key statement for each state - is listed. I want to just revisit that with you. Last year State Prayer Coordinators were asked to submit a decree from your state based on the key that your state carries for our nation. Each state carries a unique identity. Through Game Changers and Life Changers, we have each learned about our own identities. How Heaven sees us, how we know who we are, through our prophetic words, as well as through the Word of God. We form an identity statement there. States, nations, also carry an identity, how heaven sees them. So, you were asked to write your decree based on your identity as a state. And within that identity, we could just see each state holding a specific key to unlock the purposes of God for our nation.

So, I want to refresh you in that. Remember, it was to be one sentence. Some of you struggled to get that in one sentence. Some of you never did get it into one sentence. Some of you just wrote some of the most amazing, page after page, run on sentences. But the idea is one sentence that can be easily remembered as you pray.

For example, think of the identity of America. A key that we hold as a nation - America is a city on a hill and a light for the nations. We can pray that as we pray for our nation. Lord, you said America is a city on a hill and a light for the nations, we step into that identity, we release that identity, we use that as a key as we pray for other nations as well.

So, I am going to ask you to go back, look at the decrees. Look at your key. Now, some of you who are new State Prayer Coordinators may be hearing this for the first time. I understand that. Go back, look at the decree that is your state key. If it is fine as is, hallelujah! Don't rewrite something just to be doing it. Most of them are great as they are. If yours needs a little updating or editing or a complete change, go for it. Just get the update in the email to me as soon as possible. So, we can get it posted along with the others.

All right then, I am asking you to lock into these keys to take hold of these keys. As we said earlier, when something is going on in a state, when you see something in the news, pull up that key, and begin to use that key to unlock what God is doing and what He is saying on behalf of that state. Use that key on behalf of our nation as well. There have been times that when I was praying for our nation, I would just take out the list of keys. I would go through them one at a time and use every key. Lord, I do not know which one is the key for today. So, I am praying into every one of them. Release every one of them over our nation.

State by state. Last year, as we began to tap into a key prayer and legislative strategy for our nation, we also stepped into a state-by-state strategy. We realize that we can pray into things and we can see things shift in our nation, state by state by state. I'm challenging you to continue to pray state by state and see things shift state by state. As you're praying for your state, be aware of what is going on in other states. If you see a breakthrough in another state, take hold of that and say, I take hold of that as holy precedent for a shift in my state, in our nation, the United States of America.

Our nation is one nation of 50 states that are united. You know that each state carries weight to tip the scales of righteousness for our nation. If state laws and trends become precedents they can bring breakthrough in other states and in our whole nation. So again, take those state key decrees, and use those to break through in every state and in our nation!

There are so many scriptures on keys on what God has given us as keys to unlock the purposes of heaven on earth. Just a few of them. You know, these, Matthew 6:19, I'm reading from the Passion Translation. Jesus says, "I will give you the keys," (keys plural) of Heavens Kingdom realm, to forbid on earth, that which is forbidden in heaven; and to release on earth, that which is released in heaven." I say Isaiah 22:22, which has been like a scripture tagline for us in so many ways, "I will place upon his shoulders the key to the treasures of David's palace. He will open doors that no one can shut. And He will shut doors that no one can open."

Dear ones, some of your states hold a key that the nation is waiting for! Let that sink in. That is sobering. It is important. This is not a guilt trip or manipulation to pray more. This is to say each of us have a key. It takes using all our keys to unlock the fullness of the purposes of God in our nation.

Proverbs 1:2, "Within these sayings will be found the revelation of wisdom and the impartation of spiritual understanding." Oh, our nation needs that impartation of wisdom and spiritual understanding! The scripture goes on and says, "use them as keys to unlock the treasures of true knowledge." As we hold up these keys state by state and pray according to how God sees each state, I believe that God will give strategic revelation to bring spiritual alignment to our nation. Are you getting this? Hold up these key things and pray according to how God sees each state. Not one of our states is a coincidence! Not one of our states carries a uniqueness by coincidence, but it is by divine design for such a time as this! As we pray according to how God sees each state, I believe He will give strategic revelation to bring spiritual alignment to our nation. Amen.

This is an important election year! How many of you know midterm elections can change the course or set the course of a nation? It's not just our presidential elections. We have a system of government that

gives a check and balance and that gives weight to the Houses. That gives weight to the elections - to state elections to house elections and the Senate elections to these midterm elections.

Look for Cyrus

I want to challenge you now as State Prayer Coordinator, as intercessors, look for a Cyrus', who are running for office. Now you remember, in 2016, the Cyrus prophecy about Donald Trump? This is not about him. This is not about a party. This is about a role of a Cyrus, that I believe is part of how God has set up governing from heaven to earth. Look for Cyrus's!

What is a Cyrus? A Cyrus is someone who has God's hand upon him or her, who has an innate moral compass and an ability to just know what is right – to know what is right and how to lead. Now a Cyrus may or may not be someone who's walking with the Lord. A Cyrus (and there's various teachings on Cyrus of the Bible, and on his heritage of what have you). But bottom line -- Cyrus was not the king of Israel. Yet, Cyrus became extremely important to the governing, to the freedom, to the liberty of the people of Israel. Cyrus had favor towards Israel. Cyrus had the hand of God upon him. It had little or nothing to do with his spiritual position. It had everything to do with God's plan upon his life in his calling. So, as you look for the Cyrus' in our nation, don't only look for the Christians. Well, you know, she's a Christian, and she's running for office. So, she must be a Cyrus. She must be the one we need to elect. I hope I'm not stepping on anybody's toes. Everybody who's a Christian who is running for office is not the best choice. Or is even God's choice. A Cyrus may be someone who is walking with the Lord. A Cyrus may be somebody who just doesn't have it together with God yet but has every indication of God's hands upon them for the good of our nation. We'll talk about that. I'm launching into a teaching I wasn't going to do tonight. We're going to talk more about this within the next month.

I'm asking you to ask God, "show me the Cyrus' who are running for office; whether it's for a reelection or a new election." And then begin to pray for those Cyrus'. Pray for them to rise in favor and positioning to fulfill their call to serving through government. Pray they come to prominence; pray they get elected. That's what God is calling. And secondly, or in a completely different track, pray for them spiritually. If they don't know the Lord, then pray that they come to salvation. If they do know the Lord, pray for their spiritual protection and pray for their growth in the Spirit. But don't assume a Cyrus has to know the Lord before you can pray for him to get election. "Oh Lord, if you'll just save them well, they'll be great!" Pray for them anyway! Pray for their calling in government. Is that all right? Amen. Pray! Pray for their full call to be realized - their call as a Cyrus, as somebody for government that we need for such a time as this, in our states, in in our nation! And pray for them to come into fullness in the Spirit. Will talk more on this later.

Operation Prayer Zone:

Just tuck this next thing in your heart and begin praying about it and pondering it. This will be a work in progress. We are going to talk about this more. For today. I just want to introduce it. I want to ask you to begin to pray into it and start asking God to give the strategy for your state. The idea of Operation Prayer Zone is to have intercessors covering your whole state, whether there is an Aglow Lighthouse, in every nook and cranny of your state. Some of you, if you were to map the Aglow Lighthouses in your state, you would find large portions of your state that do not have an Aglow. But what if we had in some

of those corners of the state, one person who says I am standing shoulder to shoulder with Aglow intercessors in my part of the state. Now the idea here is to have a person in every zip code. Every zip code! I looked it up in my state and California, that's over 1700 zip codes! Well, we do not have to get them all in the first day. But if every zip code had one person praying, one person united, she'll stand shoulder to shoulder! Think of the power, the strength, the unity of prayer that there would be there! Now, it may sound like a lot, but it's doable.

What if you just started with the people you already have? You may find you have a lot of zip codes already covered. Then begin to branch out. Start asking some people. Well, you know, a lady that used to be in our lighthouse here, moved to that other part of the state where there is not a lighthouse, contact her. Make a connection. See if she will stand with you! It can be that simple. I know it is not that simple, but do not make it more difficult than it is. What if these intercessors praying in one zip code with shields linked together with other intercessors in your state... turn the tide of an election?!!!! Or turned the tide of state legislation? Or was the catalyst for revival? Or became a foundation of a new lighthouse in your state? Let's be intentional. How do we do this? Remember the joke about how do you eat an elephant? *One bite at a time*. We do not have to make this happen this week, this month, maybe not even this year. But, let's find a place and start taking a bite. Maybe start by seeing what cities already have Aglow intercessors. Maybe look for praying person in each county. Maybe look at voting precincts, whatever. Just start praying, start thinking, start strategizing. Start listening.

Impartation:

Now its impartation time. Now let's put ourselves in a receiving mode in the spirit. And receive an impartation as we go into this year. First, I want to share a couple things as impartation that Jane has been talking about. You may have seen this on Facebook or somewhere, but Jane has mentioned three words, three E's. Exposure, expectation, and elevation.

Exposure...Expectation ... Elevation

I've been meditating on this I've been listening to her some and then just meditating on these three words myself as well.

Exposure:

God is uncovering some things, isn't he? Each day, it seems that in the news, there is exposure of some sort. God is uncovering some things; the cloak of evil is being seen. And the hand of God is being revealed. As this happens, expect it. Look for it. Don't be shocked. It takes a whole lot more to shock us these days than it used to. Don't be shocked. But I also want to say to you don't entertain fascination. Fascination can be a pitfall for us as believers, and especially as intercessors sometimes when there is exposure, exposure of things taking place, we become so fascinated by what is being exposed, that we stopped looking for the hand of God, the goodness of God and the intentions of God. Just watch and see and move with the hand of God.

So, I speak a word of impartation over us tonight, that we shall have eyes to see as God is bringing an exposure. But we will also know how to move with the hand of God that we do not just stand back in fascination, or in shock or in awe or anything else. But that we will know how to move with the hand of God as the cloak of evil is being exposed. I speak an upgrade over each one of us tonight, that there will

be a knowing in our spirit how to move with the hand of God in a time of the exposure of things that have been hidden in the dark.

Expectation:

The second key is expectation We talk a lot about expectation. I just want to speak alongside of this word expectation, a peacefulness in our time of expectation. I think of Mary when she was expectant, when she was pregnant with a very Son of God, how there were things that she held in peace, and pondered in her heart. And so, as we are keenly expectant in a time of expectation, Alert, Aware, eyes wide open and looking I declare that we will not be caught up in a frenzy of impatience. But that we will be in a place of expectation, where we can set our hope, our expectation, our rest, our peace, our confidence, our encouragement on God, He is at work, we are not expecting Him to someday begin to move but live in the expectation that right now He is at work. Our part is to stay in that place of expectation and preparation to move with him.

Elevation:

God is taking us higher; He is not taking us on a high, adrenaline rush for a brand new experience that comes and then passes. But He is taking us, and I release this in impartation over each one of us tonight, He is taking us into a higher realm of Revelation, a higher realm of discernment, a higher realm of His glory, a higher realm of thinking beyond the thoughts of worldliness and into a higher realm of His holy presence. I release that in us, that elevation in us, that higher realm of thinking that higher realm of demonstration of His power of His glory, that higher realm of discernment, that higher realm of just knowing who he is, and what he is about. That higher realm of walking with the answers to the questions, what does this mean, and what must I do? I release that on us, I release that through us for the time that we are living in.

Jane also shared recently that she was listening to Rick Warren, on television, someone she doesn't listen to very frequently. But something he said arrested her attention. He said we are in God's waiting room. So, I want to say to us tonight, just wait. What do you do in a waiting room? Some, wait patiently, some wait impatiently. Some wait in a state of distraction. How many of us sit and go through our email on our phones or Facebook or something when we're in a waiting room - that's waiting in a state of distraction. But I want to tell you and I want to speak a word of upgrade and elevation as we are in God's waiting room. That there is a patience to wait upon the Lord that there is a rest in our spirit as we wait upon the Lord, that we are not distracted as we wait upon the Lord, that we are not turned to the right to the left, but we are fixed with our gaze on the door of heaven, waiting upon the Lord to open up heaven to step through and to call us into the higher purposes that he has for such a time as this. just wait, wait patiently wait expectantly, wait unhurriedly wait with no need to make things happen. But a readiness to step in when God causes things to happen.

What do you know?

Very frequently, a greeting that I will use, that is probably tacky, but it's just what pops out? You know, some people will say, hi, how are you doing? And I will very often say, hi, what do you know? Now some of you will flip that back at me and I realize how off putting that is.

I just have been pondering that in the last few days. What do we know? And these are the scriptures that the Lord took me to. As I have pondered that I kind of felt the Lord putting it back at me. So, Nancy, what do you know? I like closing with this, Romans 8: 27-28 You know, these verses. *Now He who searches the hearts knows what the mind of the Spirit is, because he makes intercession for the saints, according to the will of God. And we know that all things work together, for good to those who love God to those who are called according to His purpose. We know all things work together.* That same passage in the Passion Translation, *God, the searcher of the heart, knows fully our longings, yet he also understands the desires of the Spirit, because the Holy Spirit passionately pleads, before God for us His holy ones, in perfect harmony with God's plan for our destiny. So, we are convinced that every detail of our lives is continually woven together for good for we are his lovers, who have been called to fulfill his design purpose.*

What do we know? There's a lot of things we don't know. We don't know whether a vaccination will ever be completely effective. We don't know how many times we have to have COVID to become immune. We don't know if things are ever going to return to normal. There's a lot of things we don't know. But we know one that God knows all things. Now, this is something we know in our heads, but know it until it sinks to the very core of who you are. God knows all things. He is not distraught. He is not confused. He is not trying to figure things out. He knows all things. He knows what is going on in the world. And he knows what is going on in our hearts. And he knows his on heart and he is plans.

We know this, that all things work together. I think of a metronome. If you're a musician, you know what a metronome is. It's a little device that goes keeps a steady rhythm so that we stay on time in time together. I used to hate to use a metronome when I would practice the piano. I like to be free in my own time. But I was thinking about this recently. And I thought about the purpose of a metronome is to keep everything steady. And in perfect timing, each part, working together perfectly. The word metronome comes from two Greek words *metron*, which means measure, and *nemo*, which means I manage, or I lead. All things work together. God is measuring out each part, each part of the details of our lives, each part or detail of the various world crises, each part or detail of the third great awakening that we are stepping into, God is measuring out each part. And He is managing or leading each part to a flow together for His Holy purpose, and for our good.

Dear ones, if we don't know anything else, we need to know that and have that as our confidence. And I release this in each one of us, not only as head knowledge, but as heart, bedrock, confidence, courage, and encouragement that we know. He knows all things. And He is the one who is working all things together.

Do not be distraught. I say to us each tonight, I'm speaking to myself as well, who each of us who have ears to hear and eyes to see, the Lord has all things in the measure of His hand, and He is leading us. Hold fast to that. When the questions of the world are just are just battering against us. Hold fast to this. The Lord has all things measured in his hand, and He is the one in charge. He is the one leading.

We're familiar with II Chronicles 20:12. You know, the battle of Jehoshaphat. That scripture that ends "we don't know what to do, but our eyes are on You." I was reading that fresh last week. And this thought struck me -- all my knowing is in Him. It's not what I know I believe that He is taking us to a higher elevation of knowing this, to a deeper bedrock of knowing this, to a firmer footing of knowing

that “our knowing is in God”. We don't need to be concerned about how much we know and what we don't know. Just know Him. As we know God, as we know his Presence, as we know His voice, we know everything. And so now by the power of His Spirit, I strip off all of us, every uncertainty, every fear, every shakiness, every wondering what and wondering if stance and release us in a higher place of knowing Him, of knowing that He is in charge and the confidence the surety encouragement, the courage, the steadfastness that comes in knowing Him. Our knowing is in Him

Dear One, we close with this tonight. Our knowing is in God, rest, find hope, be strengthened, be encouraged, and move in this truth. Our knowing is in God. Lord, I thank you for each state prayer coordinator. I thank you for those who have walked in this role for years. And I thank you for those who are just stepping into it. Lord, I thank You that our knowing is in You. Our confidence is in You. And that each State Prayer Coordinator is right now stepping into a higher place of leadership in prayer, a higher place of the strategies of God, a higher place of Your anointing, and a higher place of firm footing, in prayer in Your kingdom, in just knowing You. And through each one, that You are releasing impartation to flow through each State Prayer Coordinator into the Aglow intercessors of her state ,of his state, as they continue to pray, as they continue to operate not out of what we know. But out of knowing you.

I bless each one, I declare wholeness and flourishing body, soul, and spirit in each one. In the mighty name of Jesus. Amen. Thank you for your patience. Thank you for hanging in there. We'll have time to discuss this later date. God bless you. I love all.
