

MARCH 2024

Pray for America's Waterways

Our water supply, water treatment plants, dams, harbors, ship transportation, and power grids are all effected by the security of our water ways.

We decree that the protection of the Lord will be upon our dams, supply lines, and water supplies in America!

Several have received warnings about the vulnerability to attack of our water ways. We must take this seriously. Our water ways supply water to sustain life, provide shipping paths for supplies, and are a key component in our power grid. An attack to harm our water ways in any of these functions would be disastrous for our nation.

We can, by the power of the Holy Spirit, stop any threat to our water ways through prayer. So pray now! If you can, go to the water ways near you to pray. Ask Holy Spirit for strategies and decrees specific to the water ways near you. Make this part of your daily prayer for our nation.

Dutch Sheets has provided resources and strategy on GiveHim15.com. For information and strategy, go to <https://www.givehim15.com/projects-6>

Also, go to https://www.givehim15.com/files/ugd/2021ca_6aca136a439644659cac062c1ec8c29f.pdf for prayers and decrees of agreement with intercessors throughout America.

Pray and Decree

- Read and declare Psalm 91
- We decree, by faith in God and His Word, that every dam, waterway, and water supply in [insert name of your state] and all of America is protected and shielded from evil. No evil plot planned or devised against them will succeed; every snare is broken. We will not fear, and terror will not come near us (Isaiah 54:14 AMP; Isaiah 54:17; Psalm 21:11; Psalm 124:7).
- We decree Proverbs 21:22 (TPT) over America: "A warrior filled with wisdom ascends into the high place and releases regional breakthrough, bringing down the strongholds of the mighty." Therefore, we decree the tearing down of every hidden stronghold of the enemy over America's dams, waterways, and water supply and release breakthroughs in every region.
- We declare Isaiah 58:11 over America, that she is a well-watered garden, whose waters do not fail.
