

ESTABLISHING PROPHETIC COMPANIES

Dan McCollam

<https://youtu.be/68-YbTBlFi0?si=uw-yDLS3DtQTvDqK>

INTRODUCTION: What is a Prophetic Company?

About 10 years ago we had a prophet in our house for 10 years, Graham Cook was based out of our house. I learned a lot from Graham, but Graham turned to me one day and he said, “Dano, are we a Prophetic Company or do we just love Prophecy?” And I said, “Well I don’t really know. Like, I know that I love Prophecy. What’s a Prophetic Company?” And he gave one of those Gandalf answers. He’s said, “Well that would be wonderful three-year journey with the Holy Spirit, wouldn’t it?” I’m like, just answer the question man. You know, but he didn’t answer the question, and I went on a journey with Holy Spirit to find out what that was.

What is a Prophetic Company? The answer to that question has changed my life. One of the additional calls that the Lord has given me is to develop Prophetic Companies and to restore Prophetic Community. I want to talk a little bit about that this morning, I want to talk about three transitions, well let’s do four this morning. I want to do “Four Transitions,” that I see in the Prophetic Movement.” Let me be clear about this.

THE GREATEST PROPHETIC REVIVAL IS HERE

- We are in the Greatest Prophetic Revival that’s ever been on the face of the Earth.

I’m going to document that. Thank you, both of you two that responded to that. If two or three agree we’re good.

- **There are more people prophesying in the earth than any time in history.** I think this why this is so important.
- It was God’s dream to pour out his Spirit on all flesh so that his sons and daughters could prophesy.
- It was God’s dream.
- You know the purpose of the cross was not just forgiveness of sin, **but sin** was the **obstacle to God’s goal** which was **the fullness of God inside every believer.**
- So, he forgave us of sin so he could free us from the power of sin, **so he could fill us** with the **fullness of God** and that is **his passion.**

God’s Dream is to Fill His Son’s & Daughters with the Same Thing that Fills himself. “

And, he said, that the manifestation of that would be that your sons and daughters' prophecy and that there would be visions, that there would be dreams. And so, he said, “In the last days I will put out

my spirit on all flesh and your sons and daughters will prophesy. The young will have visions the old will dream dreams. (Ref: Joel 2: 28 & 29)

So that word, in the last days is the word “esatas” or “eschaton” and it means literally, that in the end times, in the summation of all things. No matter what your eschatology, your study of end times is . . .

- If it doesn't start with the outpouring of the spirit on every believer, then you're probably not going to come out with the right outcome.

Restoration of the Dignification of Sons & Daughters to Hear God's Voice

- You can't look for signs in the earth before you establish the signs in the believer.
- With every son and daughter being filled with the Holy Spirit, every son, and daughter being dignified to know that they can hear the voice of God,
- Because nothing in the universe gives you more dignity than to know that you can hear the voice of God.
- So please understand that the prophetic outpouring was about a restoration of dignity.
- It was about Dignifying Sons and Daughters to know that they could hear his voice, and so we are truly in the Greatest Prophetic Movement in that sense.

I'm not saying it's the deepest, but I'm certainly saying it's the broadest.

- Never on the face of the Earth, never have so many people been prophesying, and this is a fulfillment of God's dream, and this is an establishment of what God designed for the last days. So, in the midst of that I want to share a few of the transitions that I see happening in the Prophetic Movement and how that impacts us.

FOUR TRANSITIONS

1. WE ARE MOVING FROM DEMONSTRATORS TO EQUIPPERS

The first one is this, I believe that we're moving from Demonstrators to Equippers.

- That there's a transition from just demonstrating what is possible to truly equipping the Saints to do the work of the ministry.

You know Randy (Clark) has done this so wonderfully, apostolically. I believe flattery is a sin. So, I wouldn't just say that. The beautiful thing about this movement right here apostolically is not just that it has an Apostolic Head, but that it has an Apostolic Foundation that has equipped every saint to do signs and wonders and miracles.

- **Because . . . the scripture says that the Sign or the Marks of an Apostle are Signs and Wonders and Miracles.**

People like Randy have not just demonstrated that, they've made it available to every one of us.

BREAKING AWAY FROM MY CESSATIONIST PRESBYTERIAN LEGACY

You know, I remember, I was raised in a Cessationist Presbyterian background. My grandfather, my great-grandfather, his father were all Presbyterian ministers. So, I come from a line of about 400 years of Presbyterian ministers. When I was filled with the spirit, I was invited to leave that line. Breaking the Legacy kindly, but I was the last male child of that line and was invited to leave.

So, it was a big thing. It was a big deal. I didn't do it lightly to break that kind of Legacy and I mean that kind of Heritage, and so I had to know that it was worth it. God is this really something you're doing. This is really something.

Prophetic Transition of Equipping

When I came into the things of the spirit, what happened is we would only have prophecy.

When a Prophet came to town you know, then you'd sit out in the service, and you'd wear clothes appropriate to your expectation. If you wanted a word, you'd wear bright clothes and sit on the end. If you were afraid of a word, you'd wear drab clothes and kind of duck down somewhere in the back. Often times it would depend upon the Theology of the Prophet; where you sat and what you wore. You know, according to what they would call out.

- You know when the Prophet left town, then it's like Prophecy left town.
- Yet at the same time, we wouldn't be where are we today without Demonstrators.
- Thank God for those who demonstrate what is possible in the Holy Spirit, but that's not God's design.
- That's actually more of an Old Testament pattern than it is a New Covenant Pattern.
- Because . . . **The New Covenant Pattern is pouring out His Spirit on All Flesh so that every Son and Daughter can Prophecy.**

We are here in This Global Awakening which is built upon an Apostolic Foundation that doesn't just demonstrate signs and wonders and miracles but equips in signs and wonders and miracles.

- Part of the Prophetic Transition is transitioning from just Demonstrating what is possible and Prophecy
- To Equipping all the Saints for the Dignity of Hearing the Voice of God.
- See, I believe Prophecy really is just the Dignity of knowing God's voice,
- Knowing God's heart and knowing God's mind,
- And that God has made himself accessible in that way and so this is the first transition.

Of course, it's a **Ephesians 4: 11-13** "Christ himself gave the apostles the prophets the evangelists the pastors and teachers to equip his people for works of service so that the body of Christ may be built, built up until we all reach unity in the faith, and the knowledge of the Son of God, and become mature attaining to the whole measure of the fullness of Christ."

WE NEED PEOPLE WHO CAN SERVE & EQUIP “Not Serve the Office”

Listen, we always need people to demonstrate higher levels of what the normal Christian Life can look like. But . . . we also need leaders and that have often lost the purpose of the five-fold gifts.

- We need the leaders and the gifts, and the office to serve and equip the people.
- Not the people to equip and serve the office.

APOSTOLIC & PROPHETIC STRUCTURES: It's a platform not a Pyramid

You know, in Ephesians 2:20, Apostles and Prophets are the foundation and there's a lot of apostolic and prophetic structures out there and I know we're experimenting.

- I know that we see in part, and we know in part, but too many times the Apostle and Prophet have been like the “New Food Chain of Spirituality”
- And it's like . . . Okay, there's a new, there's a “new head” in town and it's the Apostle.

Now they're on top of the “Power Pyramid” within the church and so if you want to be under us, submit to us, and all this kind of stuff. I believe in submission. I believe in accountability. I believe in government all those kinds of things, but listen . . .

If the proof of an Apostle is how many people you have under you, “Then how do you create Generational Revival that surpasses you?”

You see, it's incongruent to say, you must be under me, and I want you to surpass me.

- It's not the place that Christ puts Apostles and Prophets.
- He says that it's a “Foundation” not a Capstone.

Listen . . . it's a “Platform” NOT a pyramid. It's something I build on top of, not something I build under.

Yeah, and so many people are building “power pyramids” that they're calling Apostolic Structures, but the problem with the pyramid is that it's the “Tomb of the King that built it.” [Applause]

APOSTLES & PROPHETS ARE THE FOUNDATION OF THE CHURCH

It's totally incongruent to say, we want Generational Revival. I want my ceiling to be your floor and then to say you must be under me, wow!

- Then we wonder why we don't see “Greater Works” than the last generation.
- The only way it can happen is as Apostles and Prophets take their place not as a Capstone, but as a “Foundation.”
- Jesus himself is the Cornerstone, and if we want to be higher than the Cornerstone, we've got to exalt ourselves above the knowledge of Christ.

Apostles and Prophets are the Foundation of the church. Church, there's something we build on top of because the purpose is not for the people to serve the office but the office to serve the people to equip the Saints to do the work of ministry.

- I'm not to stand up here and impress you with how I can hear from the Lord.
- **I'm to “stand up here” and convince you that “you can hear” from the Lord.**

PROPHETIC WORSHIP: Is to Create an Atmosphere to Hear from God

You know, I work a lot with worshippers around the world and there's a lot of people that are experimenting with Prophetic Worship. I love that we have to experiment because again we know in part, we prophesy in part, but a lot of what's happening in worship is not actually prophetic. That's why this morning was so refreshing, and again I'm I'm not a critic at all. I love the experimentation.

I love people going after things, but you know the Prophetic is not just a Message.

- Prophetic worship is not just to release God's message and song.
- It's to create an atmosphere where others can hear from God.

You know, when the prophets came down from the mountain prophesying on their instruments Saul the son of Kish came into their atmosphere. His heart was changed into another man and the Spirit of Prophecy came upon him.

The Greatest Measure of Justice Is the Restoration of Justice

This happens two other times in scripture where where people come into the atmosphere of prophetic musicians, and they are the ones who prophesy.

And I think it is a foreshadow of what God desired to do under the New Covenant when he said, "In the last days, I will pour out my spirit on All Flesh and every son and every daughter will prophesy."

- That it would be a mark of our sonship
- That we could really know the voice of God,
- The thoughts of God
- The heart of God,
- And that it would dignify.
- You know, ultimately in all our Pursuits of Justice . . .
- The greatest measure of justice is the "restoration of dignity."

The Prophetic Establishes Your Heavenly Identity

A lot of what we do in Social Justice doesn't restore dignity.

- It doesn't establish Identity.
- But the "Prophetic" is in one way is "One" of the "Ultimate Forms of Social Justice,"
- Because it "Establishes" your "Heavenly Identity"
- And gives you the "Dignity" of knowing you can "Hear from the Voice of God."

So, I believe there's a transition that's happening from just being a Demonstrator to truly being an Equipper.

Again, this is not to criticize anything that's gone before, because we wouldn't have what we have now without the Pioneers that have gone before us, and we're so thankful.

FOUR TRANSITIONS

2. NEW COVENANT RECONCILIATION

A second transition that I see happening right now is not from “Old Covenant Judgement,” but based on “New Covenant Reconciliation.”

- Based on you know Christ as the son of man, he perfectly fulfilled the Old Covenant
- And Christ as the Son of God perfectly established the “New.”
- It was the “fully God,” and “fully Man part” that made this “New Covenant” possible,
- But we have to understand “the price that he paid” to establish a New Covenant
- And that a “Prophet” is a representation of the Covenant.

WE NEED TO TRANSITION OUT OF OLD COVENANT PROPHECY TO NEW COVENANT PROPHECY

One of the things that's happened is that we haven't fully made the transition out of “Old Covenant Prophecy” into “New Covenant Prophecy” and it's really “holding back” our “Acceleration of the Ministry.”

- The “Old Covenant Prophet” was to point out and to expose sin and to pronounce judgments and all those kinds of things.
- In the “New Covenant” the purpose is to Encourage, to Strengthen and to Comfort.

Now, as Patricia pointed out,

- “Warnings” are a part of that comfort and they're part of that encouragement
- But they're “NO LONGER” attached to “JUDGEMENTS”

One of the one of the challenges with this is, the Church really is coming into the Ministry of Reconciliation that we've give been given, we know this but . . .

2 Corinthians 5:17 & 19. “Therefore, if anyone is in Christ the new creation is come the old is gone the new is here and all this is from God who has reconciled us to himself through Christ and he gave us the ministry of reconciliation that God was in Christ not counting men's sins against them.”

And . . . so here we are in a place of Reconciliation.

Everything we do in the Prophetic: Should be Manifestations of the New Covenant & Ministry of Reconciliation

Here we are with a Ministry of Reconciliation and Restoration. Everything we do in the prophetic should be a manifestation of the New Covenant and the Ministry of Reconciliation.

- So, there's an “acceleration” on that everything, right now.
- That everything we do with glory in the cross of Jesus Christ.
- Whereby, we've been crucified to the world and the world has been crucified to us.

So, you know the spirit of Elijah turns the hearts of the fathers to the sons and it turns the disobedient to wisdom.

- We want to see that Spirit of Elijah fully released in our generation.
- I believe that there's an “acceleration” awaiting us
- As we come “fully in,”
- As the Prophetic Movement comes “fully into”
- An understanding of the “New Covenant.”

FOUR TRANSITIONS

3. FROM PROPHETIC CELEBRITIES TO PROPHETIC COMMUNITIES

Allright, let's keep moving. The third one is from Prophetic Celebrities to Prophetic Communities.

Now, again there will always be people that lead the charge and there will always be people that show us what is possible.

- But God has put us every Dream,
- Every Vision, every Gift,
- Every Calling was made to be fulfilled within the context of body.
- Made to be fulfilled within the context of community,
- And often times the prophet that gets off on themselves,
You know the Lone Ranger becomes the weird Stranger.
- Prophets need the other gifts.
- Prophets definitely need the other gifts in their lives and so do those that are carrying the Gift of the Prophetic.
- I believe that the Lord is Reassembling Prophetic Communities and that there's this transition
- Between, just a Celebrity Mentality to a Community Mentality.

I believe we see this in movies happening right now. You know there's been this restoration. I believe part of the way that you hear the cry of creation.

How do you hear the groaning of creation? You watch the movies. You listen to the songs. You read the books. You find out what those that don't yet know the father. What are we crying out for?

As we watch the movies, we're seeing all these superheroes rise up. Now that we're convinced that there is superpower available to us. Now, all of the superhero movies are coming together in groups and creation is screaming that there's some enemies you can't take out, without community. [Applause]

Prophetic Communities & Prophetic Cultures

It's time to form Prophetic Communities and Prophetic Cultures.

- “Are we a Prophetic Company or a Prophetic Community?”

This has been one of the joys of our house. Again, as I said, Graham Cook asked me that question . . .

He said, “Dano, are we a Prophetic Company or a Prophetic Community, or do we just love prophecy?”

So, as I began to dialogue with Holy Spirit, “Lord what is the difference between those who love prophecy and a Prophetic Community?”

He gave me “three simple things.” He said, First of all . . .

1. Prophetic Community is a place where everybody can prophesy not just some.
2. I want to tell you that our Children are amazing Prophetic People.

Children Are Amazing Prophetic People: Dan’s Son at age 11

Children are amazing prophetic people. You know when my oldest son who's now 31, When he was 11, I found out that he could involuntarily see in the spirit. The whole story is a little bit long, but I'll give you the short version of it.

The Lord woke me up and and said, “Get up, wake up your son and take him to a movie.” I'm like, I've talked about movies a few times. I'm actually not addicted to movies or anything, but I do enjoy them, but that was kind of weird.

It was like a Thursday night. I'm like, oh that's strange and I don't even I don't know if there's a movie on. So, I went in. I woke up my son. He's 11 years old. I said, “Michael do you want to go to a movie?” He looked at me in shock. Like, yeah but are you okay. Does Mom know? So, I wake him up and and we we quickly get dressed and we run down to the theater there. I didn't know there was a movie on but there was one movie on.

It was Crouching Tiger Hidden Dragon. It was a Chinese movie with English subtitles. So, we're watching this movie and while we are I'm just crying. I'm just having a breakdown because God is showing me what it's like to mentor a double portion generation.

He said, “Dano the key is going to be that you have to find people more gifted than you and not be intimidated by them. You have to understand that they have the gift, and you have the wisdom and their gift. Without your wisdom, they are not going to succeed.” So, I'm getting this incredible download, but afterwards you know we go out for a Coke afterwards. I'm trying to think how do I redeem this for my son. I had this massive download, but I thought I'd talk about the supernatural.

Dan Discovers His 11 Year Old Son is Seeing in the Spirit

So I go, “Oh, Michael you know those guys flying through the air and all that that's just Hollywood or whatever but that spirit world that is real. And he's like, “Oh, Dad I know.”

Dan: Like you know. “What do you mean?”

Michael: You know, “Like you said, that kind of weird, well I see things. I'm like what you.”

Dan: “What do you see? You see things, what do you see?”

Michael: “Well, angels and demons and stuff. I'm like what you see, Angels and Demons.”

Dan: So, I test him. “What do they look like?” He goes . . .

Michael: “It depends on what kind they are.”

Dan: I'm like, “What!”

Dan's 11-Year-Old Son Michael Describes an Afflicting Spirit

He said, “well an Afflicting Spirit is like a little, 3 or 4 kinds of imp or monkey looking things. It has these long 4-inch claws, and it digs into people from the outside.

Dan's Son Michael Description of an Unclean Spirit

He said, “an Unclean Spirit, it looks like kind of a really mean bedraggled homeless person and has these red eyes.

Dan's Son Michael Description of a Warrior Spirit

And . . . A Warrior Spirit is really tall and has all these weapons, and he starts going through all the ranks and files of Angelic and Demonic Authority.

He's 11 years old, and I'm like, “how you know all this?” He goes,

Michael: “While I see things, I just ask God what they are, and he tells me.”

Dan: I'm like well, “I want to know, teach me, teach me.” I'm like come on. I'm supposed to be the prophet here.

3. Partner with Others Gifts to DO the Work of the Ministry

Breaking Handcuffs

So, we'd be in meetings, and you know he's young and and he's he's still kind of shy in a way. So, he doesn't really like to pray for people, but he walks behind me with his hand on my shoulder while I'm doing prayer lines.

So, I pray for this person - they get touched. This person, they get touched. This next person, nothing seems to be happening.

So, I turn around and I go, “Michael do you see anything?” It' like, “yeah, Dad they have handcuffs on.” Handcuffs,

Dan: “What do I do?” [Applause] “Sansei, what to do?” And . . . he's like . . .

Michael: “Duh, break them. “

Dan: It's all I get. It actually sounds like how Holy Spirit speaks to me. I'm like okay, break them, break them. So, all I could think was to do was a prophetic act, Karate chop. You know, like a karate chop between his hands. It's all I could think of.

You know there's there's documentation of Prophetic Acts in scripture, and how an act in the physical can release something in the spirit realm. You guys understand this.

So, I was embarrassed by it so, I had the guy close his eyes. I'm like, "Just Close your eyes for a moment and stick your hands out in front of you." You know and when he sticks his hand out, I just yeah, and just go for it.

I'm like, "How do you feel now?" He says, "Oh I'm totally healed.

Dan: "You are really?" Wow! That's how I feel like I'm cheating.

I feel a spirit of suicide. It's like I have the answers to the test, and so I pray for the next person. God touched them, the next one, then the next one, and then I get to another, and nothing seems to be happening. I turn around because I've got a consultant now.

Dan: I'm like, "Do you see anything?"

Son Michael: He said, "Yeah, they have a hood on like an executioner's mask, like a Spirit of death, spirit of suicide.

Dan: Now, I know to rebuke it. You know . . . but I say, "What do I do?"

You know, cuz he's got a pretty good thing going here. Michael looks at me again like . . . "Duh, pull it off." I got it, but all this is off mic. All this is off camera. You know, but not anymore.

Anyway, so again I'm kind of embarrassed. So, tell him to stretch your hands out and close your eyes. You know. I reach over this guy's head. I don't see anything. I follow through, don't feel anything but I believe. I believe, and so I reach over his head.

- I know that you have to do this with understanding.
- You have to do this with passion.
- You can't casually strike the ground, or you'll get partial victory
- Because your follow through determines the level of your breakthrough.

So, I reach over his head and I pull it off with gusto. Man, I reach up there, "How are you now?" he's like, "I'm totally healed."

I'm like, this is amazing! This is awesome! I'm getting a 100% strike rate just by partnering with another person's gifts.

Come Together: Partner In Community to Rise to a Higher Level

I believe there's a reason we know in part, and we prophesy in part and part of the reason is so that we would need one another. Part of the reason is so that we would come together as a body. We come together as a community because it is as we join together, we rise together.

You know everybody knows that it's lonely to be out front. It's lonely to pioneer. It's lonely to be a forerunner but as we're building together in communities that are pioneering together. You don't have that same sense of loneliness.

There's something about coming together that releases a "synergy," because it's always rooted in the purposes of God.

God himself created in community. He said, “let us Father, Son, and Holy Spirit, let us make man in our image. In the beginning God created all things,” and in the first three verses of Genesis we see Father, Son, and Holy Spirit working together. When it says that in the beginning God the Father created the heavens and the Earth and then the Holy Spirit vibrated across the face of the deep and then Jesus the word said, let there be, there was.

So, in the very first three verses of the book we see

- The **“harmony of community”** creating together.
- That was **meant to be a synergy**,
- And **a pattern for how we would create**,
- And how **we would live**.

Honoring Our Community:

It's time, time to move from just Prophetic Celebrities to Prophetic Communities.

So, we do this thing at our church it's really fun. Once a month we'll bring in someone from our community like all the teachers and educators will invite them in and we just want to honor them and speak a blessing over them.

They don't have to sit through service. We have a green room in the back for them because we're not trying to, you know, do a secret bait and switch kind of thing. We just really want to honor their service and bless them and so we have different ones in from time to time.

This time, we had the the Police Department in. I mean, the Fire Department in and the Fire Department in California is really, really important because of all the wildfires we have. That's because of the 269 days of sunshine in a row, but we won't go there.

Anyway, that's why I've been there 23 years now, Randy.

So, we had the Fire Department in, and we just cheered for them and prayed for them and spoke a declaration over them. Then the guys went and back.

6-YEAR-OLD BOY: Ministers to Fireman by having a “Vision of a Gold Badge”

One of the guys had his fireman regalia on. So, we asked him, “Hey, would you mind going over to the children's Department? The kids would just love to see you in your regalia and and in your uniform.”

So, he did that, and when he went over, all the kids cheered for him, and the kids prayed for him.

Then at the end. the children's Pastor said, “Now children do any of you have a word for this for this Fireman?”

So, one little six-year-old boy stands up and says yes. **“I see him with a gold badge on.”**

Well soon as he hears that, he starts to tear up because the only ones who wear gold badges in our unit are those that are Deputy Chiefs. He said, he had taken the test twice and failed, and he was thinking about taking it one more time, but he just didn't know if he had the courage to do it. When

this little six-year-old boy says, “I see you with a gold badge.” He believed and he took the test one more time. He is currently our Fire Chief over our city.

“A Child in the Kingdom,” that only happens in Prophetic Community. That only happens when you believe the words of a child in the kingdom.

Come on what did Jesus do? Who’s the greatest in the kingdom of God? He brought a little child before them, and he said, “Out of all those that went before there's no greater than John the Baptist. Yet, this child under the New Covenant is greater than all those under the old.” I'm paraphrasing a bit there.

IT’S TIME FOR THE CHURCH TO COME OUT OF: A ONE DIMENSIONAL APPROACH TO SPIRITUAL GIFTS

But do we believe that? We had a prophet in our church that has 12 kids and works three jobs to provide for his family. One of those jobs is the church maintenance, the the janitorial service. It’s so funny because at our church there's such a Prophetic Atmosphere, such a Prophetic Community, that literally anybody can give you a word. A child, a senior citizen, a known, anybody can give you a really great word.

Synergy Gifts

But most people don't know that the “Janitor” is actually a Prophet. So, people will be walking out and there'll be this guy you know with Synergy of Gifts mopping the floor and he'll give them a word and they will just fall in a pile on the floor. They’ll say, lthis is the most prophetic church ever. The janitor gave me a better word than I got over here.

You know what, that's the beautiful thing about prophetic community. We have this Synergy of gifts. Come on!

- There’s differing gifts,
- There’s differing operations,
- There’s differing administrations,

It’s time for the Church to get beyond their One Dimensional approach to Spiritual Gifts

- We barely embraced that there are differing gifts,
- But God wants to bring us into the Second Dimension where we believe there's different ways that our gifts operate,
- That we begin to honor the different operations of our gifts.

FEELER IS NOT A GIFT: IT’S AN OPERATION OF A GIFT

Let me just divert for a moment.

When I meet alot of people who think I say, what's your gift and they say Feeler or Seer.

- I’m like that's not a gift.
- That’s an operation of a gift.

You know what, a lot of those who think that feeler is a gift are a “prisoner to their gift,” because they're mistaking the operation of how God speaks to them as a gift itself, It's not.

It's actually just the “channel that you're receiving on” because in Ephesians, it says that “having lost all sensitivity they gave themselves over to sensuality.”

What does that mean?

- The original state of man was sensitivity.
- So, the senses in the old man tend towards sensuality,
- But the senses in the new creation tend towards sensitivity, their original purpose.
- So, through that sensitivity they pick up all kinds of spiritual information,
- But feeler or sensor is not your gift, it's the operation of your gift.
- It's the second dimension not the first,
- And if you don't find the first dimension of your gift, okay this is the operation
- But what am I supposed to be operating in.
- What am I supposed to serve with this gift?
- Then what happens is you get overstimulated with information,
- And you often shut down or begin to carry a heaviness that is not in line with his yoke being easy and his burden being light.
- It's because someone has been caught in their operation as if it was in their gift.
- So, every time they have a sense, they feel like they have to respond.

I'm telling you that the gifts are here to “Serve you” NOT you to “Serve your gifts.” That every gift has to be brought into subjection to the assignment that Christ has given you and so Feelers and Sensors need the help of community.

BEING A SEER IS NOT A GIFT: BUT AN OPERATION OF ANOINTING IN THE PROPHETIC

- What You See can sometimes keep you from building Community

Often times Seers do this. I had to help my son with this because even as he was seeing in the spirit, he became tormented by what he would see. He would let what he sees separate him from other people.

- Isn't it beautiful that Jesus never let what he saw in a person keep him from having relationship with them.
- He never let what he saw in a person keep him from building in them and through them.

See, it's only in community together as we not only honor other's gifts, but we also honor the operation of their gifts.

We say . . . “Hey, the way that you receive information that's that's good that's God, but this is what you do with that.”

- When you find the gift that's associated with your operation
- there becomes an outflow

- and when you get the testimony and the grace of the outflowing,
- then you have also a stability for managing the information that's coming in.

So, there is differing gifts and there's differing operations, and then it says there's differing administrations, and this has been a huge part of how we've been able to live in Prophetic Community.

Understanding Your Prophetic Assignment: Your Sphere of Authority & Influence

One of our prophets is here, Keith Ferrante would you just stand up for a minute. Keith . . . I mean, we literally we have dozens of prophets and we're not ones who go around just calling everybody a prophet.

God literally has brought like this gathering of eagles to our our house and one of the things that helps us live together in harmony is understanding that we have different assignments.

Hey, you take this mountain. I'll take that mountain. It's like you know we are a family. We are a tribe, but we have different territory to take.

If we don't understand our territory, then often times we'll fight over the land. We'll fight over the position and so an understanding of your assignment is vital to building Prophetic Communities.

As each one of us understands that we're assigned to different areas and assigned to different arenas.

That literally, we have a differing sphere of influence.

In 2 Corinthians chapter 10 it's called your measure of your rule.

(Or "Metron," a sphere of authority, anointing and influence) ak

So, Paul begins to talk about hey, I'm not an apostle to everyone, but I am to you.

- That means the office your called to, and even your vision, your gift, your assignment that it can work.
- It works on everyone, but it works best on someone who can work everywhere.
- It works best somewhere.
- You begin to find those cities that God has called you to,
- Those Nations that God has called you to,
- Those people that God has called you to.
- Those interest groups that God has called you to,
- And what happens is because you have an assignment there,
- You have increased Authority, Favor and Influence there.
- Your gift begins to operate at another dimension of Grace because you have grace for a certain place and a certain face.
- So, it's really good to find out what that is . . .
- And it allows us to live in a deeper level of community
- And so, we began to build prophetic communities.

“3” THINGS IN THE PROPHETIC COMMUNITY

I said there were “three things in the prophetic community” and all did was the first one, didn't I?

1. IT'S A PLACE WHERE EVERYONE CAN PROPHECY

2. IT'S A PLACE OF PROPHETIC DIVERSITY & THAT'S DIMENSIONALITY

- I was talking about different ways of receiving and different ways of administering God's various gifts and so we embrace the diversity of gifting, and we embrace the diversity of calling and I'll talk a little bit more about that in a moment.

Then the third thing that the Lord shared is that a . . .

3. Prophetic Community is a place where you fight, mobilize and strategize with your prophetic words.

- In other words, we're not just receivers only, we're doers of the word.
- You know one of the things that has “corrupted” Prophetic Movements in the past is
- The “lack of training people to judge”
- And to “test prophetic words” and so people began to despise prophecy.

It is spoken of in . . .

1 Thessalonians chapter 5: “Do not quench the Holy Spirit and do not despise prophecy but rather test all things and hold on to that which is good and of course let two or three prophesy and let the rest judge.”

WE ARE TO TEST & JUDGE ALL PROPHECY

In other words, the “scripture talks more” about “testing and judging prophecy” than even “how to deliver prophecy” but somehow, we have lost the power of that equation.

- See there's supposed to be “two powerful people” in “any prophetic equation.”
- The first one has the power to “hear from the Lord” and “share what they are hearing.”
- The second one has the “power to hear” from the Lord, and “judge what they are hearing” that's good.
- When you take “away the Judgment” you've “actually removed” stage one of “accountability.”
- All prophecy needs to be tested.

All prophecy needs to be “judged” but we need to make “the receiver more powerful” rather than “limit what kind of prophecies” can be delivered.

- See, we keep saying all right, “you can't prophesy this”
Because somebody “might make a mistake.”
- You “can't prophesy” this because somebody
“Might take it the wrong way.”
- You can't prophesy this and pretty soon we're only saying this much. (Hand motion)

- And . . . then we're wondering why our prophetic is not having the effect and the penetration that it should
- And it's because we shouldn't limit the giver.
- Then we should “NOT” limit “The Giver” we should “Empower” the “Receiver,”
- And so, we “Empower the Receiver” to “test the word.”
- We “Empower the Receiver” to “judge the word”
- And we teach people how to do that.

We at The Bethel School of Prophets,

- “Kris Vallotton” and I started the Bethel School of the Prophets about 15 years or 17 years ago.
- I think we called it “the power to flush.” So, if somebody prophesies over you and it's not a good word (you dump it, ignore it/or trash it) ak

What to do with a Prophetic Word that doesn't resonate true in your spirit

- When I was in Singapore, I was teaching, and this woman came up to me. “Oh, brother Dan, I see this spirit of fear on you, and I see this spirit chasing you and you're running, and you were even wearing those shoes.”
- (You never give someone a negative word, or dream. If you get a negative word, you just pray against it for them.) ak
- (I was taught by the prophets that raised me, that we need to be accountable for our prophetic words. That has been lacking in the body of Christ and have put pastors off. If someone says something that we do not bear witness to we say, “Thank you for trying or I see your heart towards good for me, or protection, but that doesn't resonate with me in my spirit.” Or if they got something partially right, we let them know but this part did minister to me. Sometimes you can have both. “Whenever we minister to someone, we were also taught to ask them if that rang true, ministered to them. One of the greatest things you have to overcome as a Prophet, or a young revelatory person is overcoming rejection. It's part of the learning curve.”) ak
- I'm like, ah . . . God bless you. I know that it takes a lot of courage to share with a speaker and I just bless you for stepping out with what you believe you heard from the Lord. You know if they were my student then I probably would have also given a little loving correction, but I just said thank you so much. Then I turned around because I don't do fear and I flushed!

- **“Come on! No word can stick to you that you're not in agreement with.”**
- No word can manipulate you that you're not in agreement with.
- The receiver is as powerful as the giver.
- If we're going to live in true Prophetic Community, we've got to teach people how powerful they are to judge and to test every [word that is given](#).

PROPHETIC WORDS YOU RECEIVE MUST BE ACTIVATED

- Once you've judged a word to be the word of the Lord you've got to activate that word.
- It's not as if every word is Sovereign.
- There are words that are sovereign when God says I will do this, stand still and see the salvation of of your God.
- Like there are words where God promises hey, I'm going to do this you don't have to do anything.
- But . . . the majority of prophetic words have a condition, or a command attached to them,
- And . . . their Grace won't activate until you take a step
- The reason is because God has called us to a [life of faith that without faith it's impossible to please God](#).
- So here's the challenge: Faith is not the things that you think you believe about God those are your spiritual fantasies, they're good to have I have many spiritual fantasies
- But . . . if you think that, that is what you believe you're deceived.
- The only things you believe are the things that “you've acted on” because faith without works is dead. Faith without works it is not real.
- Faith without works It is not operational and so you've got to activate this thing.
- You've got to activate this thing you've got to mobilize this thing.

That is why Paul was speaking to his spiritual son in . . .

1 Timothy 1:18 he said, Timothy my son, Timothy my son. Do you hear the passion of what he's about to say? He said, "I urge you according to the prophecies that have been spoken over you that by following them you might fight the good fight of Faith. (Dan, Paraphrase this scripture)

HOW TO ALIGN TO ACTIVE A PROPHETIC WORD YOU RECEIVED

- See, I was taught that once I received a prophecy I just I should just put it on the back shelf and wait to see if it comes true. Well, that shelf got big and heavy. I had 54 words in a notebook that had been spoken over my life and for 10 years, none of them came true.

- Then I learned this truth that a Prophetic Community once they've judged a word to be the word of the Lord it doesn't just sit there.
 - They begin to partner with it.
 - They begin to mobilize it.
 - They begin to activate it.
 - I'm not just talking about declaring it,
 - Declaring is what's helping you to come into agreement with it.
 - I'm talking about aligning with your Divine assignment.
 - And the alignment with the assignment is a demonstration of faith that actually begins to mobilize the grace of that word.
 - So, I began to look at: "Who Heaven said I was."
 - And . . . I began to believe that over what I felt, over how I had performed.
 - I said God the truest thing about me in the universe is what you have said!
 - And . . . I began to live with a Heavenly identity, who is my new creation in Christ Jesus seated right now at the at the right hand of the father. I am seated in Heavenly places with Christ.
 - What does that person look like and how would they perform here
 - Have you ever thought about doing this?
 - Who is your new creation?
 - See the Lord's Prayer becomes personal. May I be as I am in heaven. May I be as I am seated in Heavenly places in Christ Jesus.
 - I don't believe that prophecy just reveals what you could do.
 - I believe it reveals how Heaven sees you.
 - It shows how Heaven is currently viewing you through the new creation as you are seated in Heavenly places in Christ Jesus

- It's like you're overhearing what heaven is saying about you and when you come into agreement with that, something incredible happens

PASTORS CONFERENCE IN FIJI: Warring over Identity

I keep in getting invited into these meetings that I'm not qualified for. This is really one of them. I was asked to do this pastor conference in Fiji, and it was a big Hall there were about 7,000 pastors there and and I was up on stage. and to honor their tradition I needed to wear the traditional man skirt the Sulu.

Fiji Men's Sulu Skirt

So, I've got a skirt on which is new for me. I'm also sitting on a very high stage and I'm trying to figure that whole thing out. How does this work?

I know Kim said, "Welcome to our world."

Yes, I didn't actually enter that world. I just visited. Just so you know, okay, it's not you. You can keep that babe that's that's all yours. So, I'm trying to figure out that whole thing.

In the Fijian culture, honor is given by how big you are and by how old you are. I look, a little younger than I actually am. I'm 57 I have four four children and four grandchildren but I I look a little younger and I'm a little, smaller in size. So, these these pastors are sitting out there 7,000 pastors and they're looking at me and I'm already feeling intimidated.

One of the challenges of being a prophet is sometimes you can hear people's thoughts. So, I'm hearing . . . "What is he doing up there? Who is this guy? I've never heard of this guy."

Like some of you guys said that as I came in. It's, okay. I'm not offended at All. I am the little old me of Randy's book. I totally am that, and God can use the little old me.

And so, I'm sitting up there and I'm hearing all this and there're these giant guys and there's these old . . . You know, these old, old tribal leaders and everything, up there looking at me.

I'm already uncomfortable in the skirt, and it's hot out there.

And . . . I'm hearing, "What's he doing up there? "I should be up there," and all this kind of stuff.

I start believing it. "What am I doing up here? How did I get up here, why? How am I qualified to do this?"

I'm having a panic attack on the stage. An identity panic attack and then then all of a sudden, I remember my calling.

The father spoke to me, and he said, "Dano, I've destined you for the rise and fall of Nations."

"He said, your sons and daughters will be the Leading Edge of Revival Movements around the world."

He said, "You will change the sound of worship in Nations. You're a Culture Creator, an Atmosphere Changer."

When the Lord spoke those words over me. "I said God, I can't do that. You know, I dropped out of Bible college to play in a rock band. Like if anybody was not qualified.

Now, I teach it Bible colleges all over the world it's kind of ironic.

It's like you should get somebody famous. You should get somebody rich. I can't do this, and I actually suggested a couple people. I'm like, hey what about this guy. What about that guy and the Lord said, "Dano if I use them then everybody will think that they did it, but if I use you everyone will know that I did it." It's true.

1 Corinthians 1: 26 & 27

Where it says. "Not many of you were wise or Noble or strong" or you know basically, impressive it says. I didn't choose you guys because you were impressive.

That scripture just came back to me. Yeah, that's why I'm here. I'm not here

because of what I am. I'm here because who Christ is in me. He is the hope of glory, and I am a Culture Creator. I am an atmosphere changer. I am destined for the rise and fall of Nations not because of myself. So that no man can boast because of the Excellency of the one who lives in me, and I just kind of look back like, yeah, I'm supposed to be here.

- **See Your Heavenly Identity is the Key to Your Authority.**
- Who does heaven say that you are?

I WAS LIKE THE FLYING MONK IN INDIA

When the seven sons of Sceva were beaten up by the demon-possessed person, I had that happen one time. It wasn't fun man. I was in India and and I was in a prayer line and all these people were going down in the spirit and this one went down and I heard the father say, stop and I stopped.

It's like oh, he's got he's got a spirit. So, I wait for a moment. He got up and I thought I'll take care of this one because a lot of demons come out really, really easy in in India. So, I just leaned over I thought this is probably just a little low-level thing. I leaned over. I said I rebuke you foul spirit in Jesus' name come out. He didn't speak English. I was just speaking to the spirit.

This little 90-pound guy like this tall, put two fingers in my chest and threw me 30 feet across the tent. I passed our senior leaders in a plank position flying by their head. Deborah Cone looked up and went, oh that can't good. It's like oh, I'll take care of this. Yeah, I was the Flying Monk but not how I planned.

The Seven Sons of Sceva

I was thinking about the seven sons of Sceva. You know it says at the beginning of that verse, it says . . . Now some Jews were going around casting out demons. So maybe the seven sons of Sceva were among them. Maybe they'd had some success before but see they begin to cast out this demon and this demon says Jesus I know, and Paul I know but who do you think you are? Because they didn't know. Wow!

When You Lose Your Identity, You Forfeit the Authority Attached to that

Some people say they didn't know Jesus. Well, they knew enough to use his name. They weren't under Authority. Well, I mean they said the name of Paul who's preaching Jesus. I don't know they if they knew something. I think perhaps it's possible. This is perhaps meology not theology but I'll just . . . When you don't know who you are, when you lose your identity, you forfeit "The Authority" that's attached to that. And so, he says Jesus I know, Paul I know who do you think you are?

KNOWING YOUR ETERNAL IDENTITY

- The enemy is always attacking our identity.
- And, you know what, you have an Internal ID, identity.
- Who do you think you are?
- You have an External Identity of how you are known, and how you are performed.

- You **CANNOT** live by either one of those two,
- Because, you have an “Eternal Identity.”
- NOT internal not external but **“Eternal Identity” of who Christ created you to be.**
- Prophecy is first of all a revelation of “Who Heaven says You Are”
- And when “you live from that place” you begin to “exercise,”
- “The Authority” that is attached to your “Heavenly Identity,” and you begin to do “the impossible.”
- So, we've got to train people not just to be a “lover of receiving prophetic words,” but a Prophetic Community that “activates prophetic words.”
- They do something with it!

When the scripture says fight the good fight, the Greek word is “strategia,” which means to formulate strategy or to enlist in a military campaign.

- To enlist in an Apostolic Mission
- I believe that part of the reason it says to enlist in a military campaign is because when “you begin to live” according to your “heavenly identity”
- When you begin to “walk out” and “appropriate actions” that are in “alignment” with your “Divine Assignment” then . . .
- You also “commission the Angels”
- you also “commission the Lord of hosts” because they are “attached to that assignment”

WHEN YOU SING WITH PROPHETIC UNDERSTANDING & PURPOSE, ANGELS GET ASSIGNMENTS

You know I had a season where I started hearing Angels a lot in the meeting.

I remember actually it started with you Randy. I was leading worship for you in Indiana. One time and while I did, we began to hear some instruments coming from heaven and playing.

After that, there was a long season where I would hear angels singing with us. Angels playing instruments and one meeting was in Alaska, where 400 people heard it all simultaneously. It was really cool, and so I was at this little meeting and the Lord said or I was praying to the Lord. I said, “God let this congregation, this little group tonight let them hear angels. I was saying it just in my prayer time.

And he said, “You know, the angels are more excited to hear your praises, than you are to hear theirs.” I said no, “I didn't know that. Why would that be true?”

And he said, “because when you sing with prophetic understanding, Angels get their assignments.” He said, “Angels hang out in service because they love the atmosphere of worship and they come with the Saints.” He said, “but they you know they enjoy the presence, but they are often not engaged because we're not singing with understanding. When somebody sings with prophetic understanding angels begin to get commissions. They begin to get assignments in that atmosphere because what you're singing, you are also sending.”

The father does not just speak words, he sends words to perform a purpose. When worship leaders begin to not just sing songs but send songs with a prophetic purpose then Angels get commissioned, and miracles begin to break out.

So, we're looking for a Mobilization Community. We're looking for people that are acting on their word, testing their word, and judging their word. Then once they've judged it to be the word of the Lord. By the way, we judge in community because we all know in part and see in part. So, you want to judge your prophetic words with loved ones, and with leaders in your life so that you're not deceived in the interpretation of how this works.

“Prophetic Community is a key to accelerating God's purposes in the Earth.”

FOUR TRANSITIONS

4. TRANSITION FROM CONSUMER TO CONTRIBUTOR

Right now, let's finish up with this one, the fourth transition that I see in the Prophetic Movement is transition from Consumer to Contributor.

In other words, I had an experience one time it was actually at that church, I think. No, it wasn't at that church. I went to this church, and I stepped down to pray for a blind woman and when I did, I went into a realm, and she was healed.

The I started moving through the crowd and went into this realm and I was a little bit out of it. When I kind of came to, it was about 7 hours later. I had prophesied over every person in the building, and I didn't know that I had done it. It just happened and there were about 1200 people in the building.

So I heard that. I'm not doing that today. I heard that. No, I'm not doing that God willing I'm not doing that, okay. So, I heard that okay.

So that was a cool experience, but the next year I came back to that church, and it was printed in the program and at the end of service, “Dan will prophesy over every person in the building.”

I'm like, oh that was a one-off deal and they're like, “Well we already printed it.” So, they gave me six teams and we tried through those six teams. They all dropped out and we finished off the group.

I just want to say that you know prophetic capacity, God's thought towards us are as many as the sands of the seashore. So, you know I did the math on that. One day and I found out that the number of sands that are estimated in the earth if you divide that by the number of people on the earth, that means he has at least 1.5 billion ideas for every human on the planet that's if we were to divide them.

Actually, his thoughts toward any individual are as man, as the sands of the seashore. So, it's not hard to, you know, to pull the prophetic from such a huge capacity of material that's what I'm saying.

I used to think it was the needle in the haystack. God's saying one thing and I have to find it. Where is it? You know when I realized his thoughts towards anyone is as many as the sands of the seashore. I just started holding hands with Jesus walking down the beach. Thinking of all the great things he has

to say about this person and reaching over and scooping up a little bit and speaking to that person and you know just flowing like that.

The people line up, and line up and line up. I love their hunger for the Lord, and we were touched through their hunger. That's beautiful.

I believe in impartation. I believe in continuing to do personal ministry, but guys at some point, you've got to change your relationship with the church from Consumer to Contributor. You've got to change your relationship in the Kingdom from Consumer to Contributor.

Father's Don't Just Father Son's, They Need to Father Father's: It's Generational

You know God wants sons and daughters, but he doesn't just want babies.

Now that I'm grandfather, I have found out what every grandfather tells you. It's the best. It's the best thing there is. It's like, God why is there such joy in grandparenting, and part of the joy is watching your son's parent their own kids. It's amazing, but why is there such joy in grandparenting? He said, "because I always meant for you to father, Father's not just Father sons because it is my design is generational.

It is Abraham, Issac, and Jacob." He said, "I always meant for you to Father, Father's not to Father's sons. And . . . You know what happened, we get spiritual sons and daughters, and we treat them like children their whole life rather than grown individuals that have dignity and the call of the Kingdom. Then again, we wonder why they didn't surpass us because you didn't adjust your relationship with them. They're no longer a consumer of your anointing they are a contributor to your destiny. They're a contributor to your legacy and you've got to make that transition and people have to make that transition with the prophetic.

It's like, how many words do you need? Especially, if you haven't mobilized them. How many words do you need if you haven't activated them? Like listen, the more words you're getting, the more you are validating your unbelief.

The Rate of Your Acceleration is The Rate of Your Obidence

The more words you're getting the more you are validating your ignorance of how you are responsible to activate and mobilize these words.

So, here's the problem. You are currently moving at the speed of your own obidence. How long does it take you to recognize that God is speaking and respond, that is your current rate of acceleration.

So, listen, if you need five prophetic word and three scripture and the clock to say, 5:55, two times it's okay. It is truly okay, but That is determining the rate of your acceleration, wow!

THE RATE OF YOUR ACCELERATION IS THE RATE OF YOUR OBEDENCE

How long does it take you to recognize God's voice and respond?

They asked, Smith Wiggleworth the secrets of his power and he said, "The tiniest whisper of the Holy Spirit, I turn aside to obey at the slightest whisper."

If you just think it' God, I step out and go after it. How did he do so much? Cuz, he had a "great rate of acceleration," because at the "slightest whisper of the Holy Spirit" he would turn aside to obey.

We are "all moving at the rate of our own obedience," but we've got to move then from being a Consumer to becoming a Contributor, because we are living in the "greatest age of the prophetic innovation" of "any time period."

Yeah, can I get another water and time are done? I'm sorry, I should have got that first the Lord said. Yeah, I know that part, but I'll stop when he stops. Whatever the schedule says, is when he says to stop actually. So, thank you for that. I appreciate that nobody knows that's awesome. Nobody knows, we're good. All right that's beautiful. All right, let's finish. This really, wow! Awesome, okay. Here we go. . .

Prophetic Innovation

So, Prophetic Innovation let's get on this for a moment, because that did not land nearly the way I expected. So, let's add some understanding to that statement, because I'm not just throwing out random statements. These are really things that we've been cultivating within the Prophetic Community.

When we move from Consumer to Contributor. What happens is we partake of a Divine Convergence that is happening in this generation and I want you to get this. Right now, I believe there's a convergence that is happening in our generation through the messages that are being preached.

Like some of the messages, because the Church has begun to Embrace a Kingdom Message. Where it's about The Kingdom, not just the local church. Where there's an outflow not just an inflow. Where it's sending capacity not just seating capacity, because there is a Kingdom Perspective.

It's made something available and I'm going to keep going. Also, because of the messages of Grace. Now I know that there's some abuses of Grace as well. But . . . that's always when something is being restored. It's always kind of emphasized or overemphasized for a while to bring the pendulum back into a proper place. And . . . the "Message of Grace" rather than "Works" so that no man could "boast in the outcome." This is really strategic.

Then thirdly, I believe the message of abiding in Christ. That Christ in you is the hope of glory. That prayer without ceasing is not just locking yourself in a room for eight hours. It's "protecting your unbroken connection with Christ." It's protecting your unbroken connection with Holy Spirit.

Smith Wigglesworth: Asked About How Long He Prayed

Wigglesworth said, "I hardly ever pray longer than 20 minutes and I hardly ever go 20 minutes without praying."

I had the privilege of helping to open Smith Wigglesworth Healing Rooms in Bradford England and many years ago to reopen those.

So, I met . . . I traveled around for a while and met a whole bunch of people that were friends of his and had ministered to him. People that were in his meetings, and they said he'd just break out in prayer all the time. Like not long, but he'd just break out in prayer, just break out in prayer.

He said, Wow, we've been talking small talk for a long time, let's just lift our hearts to the Lord for a moment. You know and they said, this was a habit of Smith Wigglesworth. So, when he said, "I hardly ever pray longer than 20 minutes, but I hardly ever go 20 minutes without praying."

Prayer Life: God wants to do life with us "Not just time with us"

You know one of the major transitions that happened in my life was from "prayer time to a prayer life."

Part of it was a mentality of checking in with God and then checking out and feeling better about myself because I had checked in.

I had to realize first of all that I never check out. That God wanted to do life with me not just time with me.

"That the secret of all fruitfulness was remaining in him. It was keeping my awareness of his presence at all times. That he would never leave me never forsake me."

**These messages are getting more popular in the church. What I'm saying is that the Convergence between these Transitions of Equipping not just Demonstrating. The Convergence of this truth of the Kingdom of God which is an outflow rather than just a gathering Paradigm of the Grace of God is the key to All Things rather than just the works. And . . . then the abiding of Christ where all fruitfulness comes from, I believe has made something available to this generation together with the Prophetic Grace that's been poured out on All Flesh. I believe has come together for a purpose.

Now, Here's what I want to get to with this . . . The church is built on an Apostolic Prophetic Foundation Ephesians 2:20.

The Prophetic Vision without the Apostolic Mandate often ends in corruption. If we only have the Prophetic Vision, but we don't know the Mission that is attached to it, then we spend it on ourselves.

WE BECOME CONSUMERS RATHER THAN CONTRIBUTORS:

"2 Examples in Scripture

Let me give you just two quick examples of that . . .

JOSEPH'S INTERPRETATION OF PHARAOH'S DREAM

1. When Joseph received the interpretation of Pharaoh's dream to say, yeah, the seven cows are this and the seven skinny cows are this and this is what we should do. He got a Word of Wisdom of what they should do along with the interpretation.
 - He had the Prophetic Vision and so he gave that to the Pharaoh. Pharaoh "used it to enslave the Nations" including the nation of Israel.
 - Why? There was "Prophetic Vision" but there was "NO Apostolic Mission,"

- So, it was used to “imprison people” rather than “Empower” people.

DANIEL INTERPRETS KING NEBUCHADNEZZAR’S DREAM

2. Then in the Book of Daniel we have the same thing.
 - We have the prophetic Revelation that comes that King Nebuchadnezzar has the dream.
 - The head of gold, shoulder of silver, the bronze chest, and then the legs of iron and clay.
 - Daniel rightly interprets it. “You, oh King, are that head of gold and this represents kingdoms that will come before Christ basically and he shares this with them.
 - All of the prophetic vision is right but there's NO Apostolic Mission. There’s nothing to put it to.
 - So, the king builds a 90 ft. statue of himself and kills everybody that doesn't bow down to it.

I'm telling you that this Prophetic Move apart from the Apostolic Mission will be dangerous.

There’s a prophetic Grace that's covering the Earth so that every son and daughter can prophesy but it's not without a purpose and the purpose is not just to develop Consumers of the Prophetic so that we have this huge bless me Club around the earth.

It’s the Dignity of every son and daughter hearing the voice of God knowing, the thoughts of God, and knowing the heart of God, but the Apostolic Mission is “May It Be on Earth as it is in Heaven.”

The Apostolic Mission is also this. . .

That in Colossians 2:2-3 Paul made it very clear. He said, “My goal is that they may be Encouraged in heart. United in love so that they can have the full riches of complete understanding, in order that they may know the mystery of God, namely, Christ. In whom are hidden all the treasures of wisdom and knowledge.”

This is what I've been fighting for. He, said, “This is what I've been contending for with all of you and with those in Laodicea. That my goal is that they might be encouraged in heart, United in love, but to have the full riches of complete understanding. what is the riches? in order that they may know the mystery of God, namely Christ. All right, that's the mystery Christ in you, but Christ in whom are hidden all the treasures of wisdom and knowledge.

Guys, the ability to know the thoughts of God combined with the kingdom message. The empowering message, the grace message. The abiding of Christ is making available Treasures of wisdom and knowledge that are in the person of Jesus Christ like never before.

So, three years ago the father spoke to me, and he said, “Dano what would prophecy look like as a Life skill not just a Ministry skill?” He said, “I don't know. He said, “I want you to experiment with that, so we began to experiment.”

St. Nicholas, Patron Saint of Children: Moved in the Gifts of the Spirit

At that time, I was reading about the Saints, and I had been working up in the Artic Circle with the Sami people. The tribal people in the Arctic Circle. So, I happen to be reading about Saint Nicholas at the same time.

Saint Nicholas is the one that Santa Claus was kind of roughly patterned after. But . . . Saint Nicholas raised people from the dead, he healed the sick, he gave to the poor.

But, the one of the things that he did was, he would buy children out of slavery which was pretty incredible. Which is how he became the Patron Saint of Children, but the other thing is. he broke up a child trafficking ring of his day.

Children were being smuggled out of the city in the 4th century and and nobody knew how they were being smuggled out. He had a word of knowledge dream that they were being smuggled out in pickle barrels and so he went to the authorities, and they went to The Pickle Factory and found out that's where the children were being smuggled out, so he broke up the child trafficking ring of his day through Prophetic Revelation. Which is why there's a tradition of a Christmas pickle. I didn't know about this, but some people have this Christmas pickle thing and it's actually coming from that root.

Gleaning From the Saints: Everything They Did Can Be Our Heritage Also

So, I was reading that and here's the thing. When I read about the Saints and what's gone before us, I am reading about my personal Heritage. That's how I see it. It's like everything they did, I also have in Christ Jesus because what God will do for one, he'll do for everyone. It'll be a different expression, a different way, but he'll do it. So I read that, and I'm like man if Santa Claus can do it, I can do it, you know.

Stepping Out in Faith: Using Prophetic Gifting to Find Missing Children

What is the doing, I was talking about? I want to break up child trafficking rings. I want to find missing children using the prophetic.

So, I went to a missing.com.org and I downloaded 10 posters from our area, and I distributed them to our 100 prophetic team people. We divided in 10 groups each. One took, one poster, and I said, “pray over this and see if you get anything.”

One group got the names of the two guys that abducted this child, and they got the make the model and the color of the car that had taken her. Now, I had that information on a sheet, but they did not have it. So, I knew that was true.

I said, “Okay you guys you are on to something. Is she alive or has she passed,” because this girl had been missing for two and a half years. They said, “We believe she's alive. I said, where is she? What should we do?” (Team responded) “We see her in a basement. We see her tied up, and we're just going to pray that he leaves the door open, and he leaves the ropes loose” or something like that. I don't remember the exact details to be honest with you. So, they prayed that and that's all we knew to do, because this was our first experiment. And . . . two days later, after two and a half years that girl was found.

After Hearing Testimony Above, Police Sergeant Seeks Prophetic Team's Help To Find a Missing Handicapped Child

So, there was a Sergeant in our church at that time, and he heard about this testimony.

He came to me, and he said, "We have we have two missing children right now." He said, "One of them a handicapped child and it's a very serious situation, been missing for a couple days.

So, I just went to a kind of a high priority team. I said, "Hey guys do you get anything on this?" One of the ladies Deborah Crone, actually said, "I see a greenhouse. I see a street that begins with the letter "J," and it's a friend of the family. So, we told the police that information.

The policeman went to the family. Hey, do you have friends that live in a greenhouse on a street that begins with "J"? They said, "Yeah, we have friends on Jefferson Street. They live in a greenhouse. Why do you ask?" Oh, "we're just following through with some tips."

So, they went to that house, and they had been holding this child captive, and so the child was rescued, and the other person was rescued too.

The other one that he gave us, we also gave him clues for that. Well, somehow that went viral. I don't really, don't know how, but those testimonies went viral.

I started getting requests every week on Facebook and email and stuff like that. I don't know if you know this, but 2,000 children go missing in America every day. Two Thousand a day. 1,000 are domestic disputes, 500 are runaways, and 500 are abductions every day of our life. There's an epidemic in this in this nation, right here.

We're like hey, we could sit around in little Prophetic Clusters and keep blessing one another. We should keep doing that, keep doing that. Keep doing all the forms of prophetic that you're doing. But . . . you have got to move Beyond a Consumer to a Contributor, because the treasures of wisdom and knowledge have been waiting for a generation like this.

God poured his Spirit out on All Flesh so we could Prophecy, not just to sit in groups and comfort one another.

That's part of it because we are a family, we are a community, we are all linked in Destiny, but he wanted to convince us that we could hear his voice and know his thoughts. So, we could start accessing the treasures of wisdom and knowledge that are hidden in the person of Jesus Christ.

And . . . So, we began to say, hey, "Could we formulate teams?"

That is just what we wanted, to do this. In the first few months we burn out so many people, because it was emotionally draining. Then we began to link it to the internet. Now we have 4,000 partners around the world that are using their prophetic gift to find missing children. 4,000 volunteers all around the world. Some of them are working with leaders of government. Some of them with the police and they've gone way beyond what we've done. We just kind of give them some coaching and encouragement from time to time.

But you know, what reminds me of the **Habakkuk Chapter 2: 1-3**. It says, “I will station myself on the ramparts, and I will watch to see what he will say to me, and how I'm to answer this complaint.”

- Listen, the Prophetic is also so we can answer the Complaints of Society.
- So, we can have an answer to what's going on.
- God's not just looking for Visionaries he's looking for Solutionaries.
- He's looking for people that would be Actionaires.

Listen our “faith” is not determined by “what we believe” - it is determined by “what we do.”

- There is something in the Prophetic that we keep Decreeing and Decreeing.
- I believe in Decreeing Don't stop doing it.
- But if you Decree without any determine to “ACT,”
- That will not have affect. (IMPACT)ak

Come on, we sing this song, and I love the song. I sing the song. This is not a criticism of the song, but we sing the song: All God's Promises Are Yes and Amen. I love it!

- “All God's promises are YES and AMEN. It's awesome it's just NOT accurate.”
- The scripture says . . . “ALL” God's promises are “YES” and therefore in Christ we add the “Amen” to the glory of God.

So can I say it this way. . .

- The “YES” of God is already “encircling the Earth” looking for a “Landing place,”
- But because God “established man” as the “Authority” and the “Governor” of dominion of the earth . . .

He said, “let them rule over the birds of the air. The fish of the sea and everything that keeps across the creeps across the ground.”

(Ref: Gen 1:26-28)

- He said, God “will not” violate the “Authority” he himself established.
- So, though God has already said YES to it,
- It will not land without an “Earthly Amen”
- And it's not the “old school” just, amen.
- It is like what Mary did.
- It's the Incarnation of the word, “May it be in me, as you have said.”
- I will be the DNA match for your, YES, Lord God.
- I will be the “Answer to my prayer,” not just the prayer itself.

“God is looking to Mobilize an Army of Actionaires that are under Prophetic Identity and Prophetic Authority.”

Guys, God is looking for a . . .

- Prophetic Generation of Actionaires, a Generation of Solutionaires
- God is NOT looking for people who can “just decree a hopeful future”
- And NEVER be accountable for the outcome.
- God is looking to “Moblize an Army” that are “Under Prophetic Identity”
- And “Prophetic Authority” that are “Gathering Solutions” from
- the “treasures of wisdom” and “knowledge” that are “NOW” available in the person of “Jesus Christ.”

So, I station myself on the rampart and I will watch to see what he will say to me, and how I'm to answer these complaints.

The word of the Lord comes and says,

- Write down the Revelation
- And make it plain
- So that the “runners can run” with it
- Because “this Vision” has awaited on
- An “Appointed Time.”

This is the Appointed Time: Of Abiding, Understanding, Action & Solutions

- This is the Appointed Time
- There has never been so many people Propheying in the earth
- There has never been such a kingdom message
- Since the times of Jesus.
- There has never been a focus on the grace of God like there is right now.
- And an understanding
- There's never been a sense of the the Abiding,
- And the Priority of the Presence like there is right now.
- It has an Apostolic Purpose
- that you might access the treasures of wisdom and knowledge that are in the person of Christ
- Because the Prophetic Grace and Prophetic Vision
- Is for the Apostolic Mission
- May it be on Earth as it is in heaven.
- And that will come through the solutions
- Of the treasures of wisdom and knowledge that are hidden
- in the person of Christ.

Stop Praying: Prophecy What Day It Will Rain (Drought in CA)

So, we begin to dream what could God do with the prophetic? What else could he do so at the time we were in a seven-year drought, and we saw in the scripture Elijah was a man just like us, but he

prayed, and it rained not upon the land for two and a half years. He prayed again and it rained upon the land.

I felt like the Lord said, “quit praying for rain and prophesy what day the rain will come. Quit praying for rain and prophesy what day the rain will come. So, we got our students together again cuz we do these things in a Prophetic Company.

We said, “You know what day it is? What day is it going to rain and how much is it going to rain?” 14 of our students said, “record rainfall by this Wednesday. That Wednesday, the seven- or eight-year drought in California broke with a record rainfall of 80 years. It hadn't rained that much in 80 years. Now, we're like ready to shut up the Heavens again because it's just raining all the time.

Listen, many other people were doing prophetic declarations and prophetic acts. We were just a part of what they were doing. We're not claiming sole responsibility for what happened.

But we began to say, hey . . . “What if we put a Drought Team together to go into places where there's drought and to open the heavens. So, we've seen it three times now. Places that were in a severe drought we sent a team in, and it rained within 24 hours in each one of those places.

So, now I've got some people working in the background that are working on their weather predictions and their ability to interact with weather.

FUTURE GOAL: To work with the County Fire Dept to Prophesy Over Weather to fight fires

So that in the future, our goal is to work with the the Fire Department so that I can call the the Deputy Chief who was appointed through a prophetic word of a six-year-old and I could say hey there's a fire going on in this County. What kind of weather do you need today. I'll get my people on it. Hey, we're not there yet, but we're heading that direction.

Then, Keith Ferrante and a millionaire friend of mine put together an organization for Enterpernuers and the Prophetic and they're partnering together it's called, “100 x Acceleration” and they have all these partners. Yeah, there's some 100xers here, bless you guys.

4,000 FINDERS: Work in Community to Find Missing People

Do we have any Prophetic Finders here? Are any of you on the 4,000 Finder Team, Awesome! Bless you man. Thanks so much for what you're doing. Bless you.

So, we have 100x Acceleration and Prophetic Finders here.

100x ACCELERATION: Using Prophetic Community for Investments

The 100x Acceleration are using Prophetic Community for Investments and there's some really cool stories here. I know that we have some Partners in Australia who wrote me, and they said, hey, we were doing prophetic investing we lost \$100,000. He said, then we read your book and we realized that we needed to do it in two's, and three's because by two or three Witnesses the thing will be established. Let two or three prophesy, let the rest judge.

So, we were sharing this principle of establishing high priority data through a double-blind study and and through actionable data. We developed all these protocols, but he started using it, and he said in the last six months we gained back all the \$100,000, and we have a 100% strike rate on our investments.

As we went from Prophetic Celebrities to Prophetic Community of building together in twos and threes. So, I could just tell you story after story of how it's integrated with business. We've been integrating with Partners around the world that are interfacing with Presidents.

I was in Poland last week with a prophet to the European Union and I was texted yesterday from one of President Trump's Prophets that he contacts about every six days for words, for prophetic words, and for prophetic insight. He forwards those messages to me along with pictures of him and President Trump. I know for a fact that it's true.

So, what we're saying is we could stay in a little huddle and keep stacking up our words like me. I had that stack of 54 prophetic words and in 10 years and saw not one of them come true, but as I began to analyze them . . .

- Who is God saying that I am.
- What are the conditions and commands I need to do?
- What are the Times and Seasons that I'm in?
- What are my spheres of influence?"

And . . . I began to dissect those words and activate those words in the last 10 years every one of those 54 words has come true as soon as I came into agreement.

See, I want to return to all of God's promises are yes, but the "yes" is encircling the Earth waiting for an Amen, that is an incarnation of God's answer.

- It's not just saying God let it be.
- It's saying God, let it be in me as you have said.
- I will be the answer to this complaint.
- I will be the answer to this prayer, and so Habakkuk 2

Prophetic Community Working with Police Department within their Legal Protocol

Habakkuk Chapter 2, again, it says station yourself on the ramparts, watch to see what he will say, how you're to answer the complaint. Then write down the Revelation.

- This is a season of Prophetic Protocols
- This is a season there's going to be different protocols
- for every sphere of influence.

We had to meet with our local Police Department to say hey, how do you want to receive this information. What kind of language? What kind of structure? what are the rules. that you guys have for us in interfacing. With that, and we had to learn their language. We had to learn their system. We had to learn their protocol.

It actually turned to a place where they said, hey listen. We can't tell you the outcome anymore. We can't tell you whether we found the child or not because if it goes to court and we gave away information that could be used to dismiss the case.

They said, would you be willing to work without knowing the outcomes? I said yes, we will. So, a lot of my stories are older stories because we're no longer allowed to know the outcomes of a lot of what we're doing. So, we will you serve prophetically for a generation where you can't even you can't even Leverage the testimony.

Write down the Revelation, make it plain. So, we wrote down some protocols and now people are using those all over the world and doing greater things than we're doing, and we are celebrating that fact.

Vision Has Waited on an Appointed Time for An Appointed Generation

We Are That Prophetic Generation for the Apostolic Mission That God is Releasing to Build Prophetic Community

- Because this Vision has waited on an appointed time.
- It's awaited an appointed generation, and I believe we are that appointed generation.
- I believe this is that appointed time.
- I believe that with all my heart. this prophetic Grace poured out on all flesh is not for nothing.
- The prophetic Grace and Prophetic Vision is for the Apostolic Mission that God has released in this day.
- God is not just looking for Prophetic Celebrities, but he's looking for those that would build Prophetic Community together
- To take on the ills of our society and to release answers and solutions that are actually the treasures of wisdom, and knowledge hidden in the person of Jesus Christ.

Using the Prophetic for a Life Skill: Not Just a Ministry Skill - By Accessing Treasures of Wisdom & Knowledge For the Answers in Our Generation

I just want you to dream with me today. I believe the voice of the Prophet is saying,

What could prophecy look like as a Life Skill not just a Ministry Skill.

- What else could we do with the prophetic?
- What else could we do if we knew the treasures of wisdom and knowledge that are hidden in the person of Christ, are not hidden from us but hidden for us for such a time as this?

Guys, what if I could do anything for you today. I don't want to preach at you or preach to you.

- I want to inspire you to dream a great dream.
- I want to inspire you to station yourself on the rampart and because of Kingdom, and because of Grace, and because of the abiding of Christ within you the hope of glory.

- That you would access a treasure of wisdom and knowledge that could answer a complaint of our Generation.
- And that, you would be the embodiment of a “YES” in the earth that would release an embodiment of “Amen” in the earth.
- That would release the Heavenly “YES” that's been encircling it.
- So, will you station yourself to dream?
- Will you position yourself to write down protocols and allow other people to run farther and faster than you can and be because you believe that this is an appointed time. This is an appointed time.
